Easily create your own Custom ChatGPT Virtual Assistant for your website with the Close Assistant

Meet the Close Assistant, your personal ChatGPT Chatbot that answers 98% of support questions automatically!
Connect in a second your website content as a source for your own personal ChatGPT and get a chatbot of your data that has an answer to all your visitors' questions.
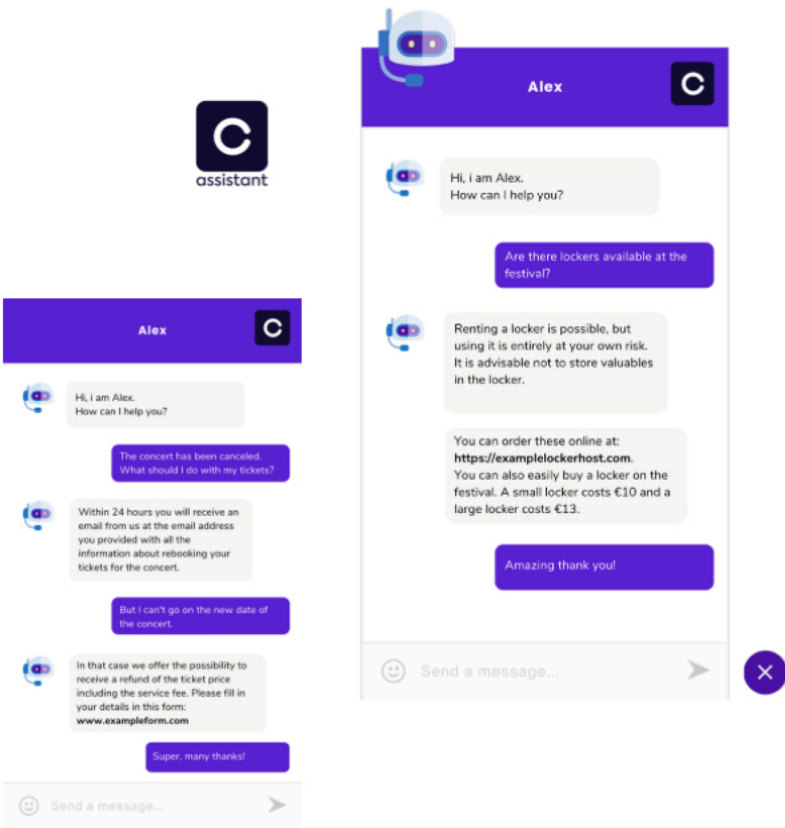

The ultimate support

You can train the Close Assistant on all the answers! Enter the code to your website or simply upload your knowledge base documents. Enhance your customer experience with a chatbot that chats just like a real person. You can put the chatbot on any page of your website!

Have your visitors addressed by your ideal assistant. Through the basic prompt you give your chatbot a name, personality traits and instructions on how to answer all the questions. Try it for yourself.

CREATE CLOSE ASSISTANT   **TRY IT NOW FOR FREE!**
