Cloud Direct®

Microsoft 365

Health Check

Microsoft 365 helps your business improve cybersecurity, reduce costs and empowers your employees to work from anywhere. Still, it's easy to feel out of control as your Microsoft 365 environment drifts over time. The Microsoft 365 Health Check reviews your environment for optimisation against licence costs, cybersecurity costs, and increasing employee satisfaction and retention. We'll help you improve the performance efficiency of your Microsoft 365 environment for secure productivity and collaboration.

Increase employee satisfaction and retention

Build confidence in your hybrid working ability with optimal and secure productivity, communication and collaboration allowing you to retain talented employees.

Reduce cybersecurity licence costs

Benchmark current security policies against best practice to ensure a strong security posture that protects data, allows for compliant devices and addresses suspicious activity before being breached.

Annual licence savings

Find out how to get the biggest bang for your buck. Understand your licence capabiltities and identify the next steps to optimise your licence usage for improved performance, reduced costs and risks.

Why Cloud Direct?

☑ Microsoft Azure Expert MSP partner (audited annually by Microsoft)

☑ Cloud first MSP - specialists in cloud solutions
