Backup & DR: 1-Day Assessment

Primary Product: Azure; **Pricing:** $500.00

What do we offer?

We offer a comprehensive overview of the tools on the market which can help the clients best manage their backups. During Cloudica's one-day assessment we discuss the needs of the client and how Microsoft solutions can prevent data loss in the future.

What are the benefits?

Thanks to Cloudica's one-day assessment, clients can rest assured that their data is fully backed up and the scheduling, maintenance and other aspects are fully optimised for the specific needs of the customers.

Steps and agenda:

Our assessment consists of five main steps:

- Review of the client's current solutions and backup process.

- Present a report on the strengths, weaknesses, opportunities and threats.

- Explain the current solutions on the market.

- Understand how this can help the client achieve their goals.

- Q&A session.
