Microsoft Azure Deployment: 1-Day Assessment

Primary Product: Azure; **Pricing:** $500.00

What is it?

Cloudica advises clients to conduct a Microsoft Azure Assessment before moving to Azure in order to thoroughly comprehend their environment and optimize their IT architecture. This assessment helps in deciding whether Azure is the best choice for you.

Who is this for?

This service is meant for medium-sized companies that would like to do more with their cloud solutions. We have tailored this assessment for top-level management who is still undecided on the perfect cloud computing solution to take the business to the next level.

Microsoft Azure Deployment: 1-Day Assessment

Primary Product: Azure; **Pricing:** $500.00

What do we offer?

As a Microsoft Gold Partner, Cloudica has the experience of advising customers on the best way to deploy Microsoft Azure solutions for their business. Our offer includes a comprehensive explanation of all the Microsoft Azure variants available on the market and how the client's specific business model can benefit from these tools.

What are the benefits?

Cloudica goes the extra step to understand the needs of the client and advise on the best course of action when implementing a Microsoft Azure deployment. We explain all the steps involved, the options available, and how clients can save money on unnecessary cloud subscriptions by making full use of all the inbuilt features of Microsoft Azure which come as standard.

Steps and agenda:

- Review of the client's current solutions

- Explain the current Microsoft Azure solutions on the market

- Understand how this can help the client achieve their goals

- Q&A session
