

# Microsoft Intune Deployment: 1-Day Assessment

**Primary Product:** Azure; **Pricing:** \$500.00

## What is it?

Cloudica's one-day Intune Deployment assessment provides clients with a full understanding of how Microsoft Intune can help them manage the mobile devices that staff members use to access company data and apps like email.

## Who is this for?

This assessment goes over the basics of what the company needs in terms of hardware management based on the current best solutions on the market. This assessment is aimed at top leaders and IT managers who are looking for a cost-effective and expandable solution to keep on top of their hardware and software management.

# Microsoft Azure Infrastructure: 1-Day Assessment

**Primary Product:** Azure; **Pricing:** \$500.00

## What do we offer?

We offer a comprehensive overview of the tools on the market which can help the clients best manage the hardware (mobile and stationary), passwords, accesses and more across the business.

## What are the benefits?

Cloudica's one-day Microsoft Intune Deployment Assessment allows clients to take intelligent and data driven decisions on how to best grow their business.

## Steps and agenda:

- Review of the client's current solution (configuration and subscription)
- Present a report on the strengths, weaknesses, opportunities and threats
- Explain the current solutions on the market
- Understand how this can help the client achieve their goals
- Q&A session
