

# Microsoft Intune Deployment: 2-Hours Briefing

**Primary Product:** Azure

## What is it?

This is a service offered by Cloudica to help customers quickly deploy Microsoft Intune on Microsoft Azure.

## Who is this service for?

This service is designed for organizations that need to set up a secure, cloud-based mobile device management (MDM) solution with Microsoft Intune and Microsoft Azure.

# Microsoft Intune Deployment: 2-Hours Briefing

**Primary Product:** Azure

## What are the benefits?

The benefits of this service are:

- A bite-sized discussion of the best ways of efficiently deploying this tool across the business.
- The main ways Microsoft Intune can help your business.

## Outcomes of the service:

At the end of the 2-hours briefing, clients will have:

- a good foundational knowledge of Microsoft Intune,
- a better understanding about what are the best ways of implementing the tools across your specific organization.

## Steps and Agenda:

The steps and agenda of the service include:

- Introduction to Microsoft Intune and Microsoft Azure.
- Overview of features and benefits of both solutions.
- Walkthrough of the setup process.
- Q&A session.
