

Google Sites to SharePoint Migration

Technical Data Sheet

Overview

This solution enables the migration of Google Sites to SharePoint Online or Microsoft Teams, preserving content structure and permissions.

Key Features

- Migration of classic and new Google Sites
- Conversion of Google Sites pages to SharePoint pages
- Preservation of site structure and navigation
- Migration of embedded content and files
- Permissions mapping
- Automated site creation in SharePoint

Technical Specifications

- API-based extraction from Google Sites
- Utilizes Google Drive APIs and HTTPS calls for source data
- Employs Graph APIs and CSOM calls for SharePoint integration
- Delta migration support for incremental updates

Supported Content

- Pages and subpages
- Navigation structure
- Embedded documents, images
- File attachments and google drive documents
- Site permissions

Compliance and Security

- Maintains content ownership and timestamps
- Supports migration of site-level permissions
- Encrypted data transfer using TLS 1.2

About Cloudiway

Founded in 2010, Cloudiway is a cloud migration and enterprise coexistence SaaS that help IT professionals migrate mailboxes, documents, groups, sites, archives, teams between different productivity and collaboration systems such as Google Workspace and Microsoft 365. Whether it is cross-tenant, on-premises to the cloud, or enterprise coexistence, to migrate small businesses or large corporations, Cloudiway is the company to turn to.
