

# Cloudster Connect

Always A Step Ahead

## Who We Are and What We Do

We are Cloudster Connect and here, we don't just help you integrate your business systems to work faster and simpler, we help you go beyond your competition, your budget, your clients & Suppliers to see further, plan better and prepare for the future. We help you get a step ahead.

At Cloudster Connect, we specialize in creating seamless data connections, streamlining business operations, and building user-friendly web portals. Our focus? Empowering supply chain and eCommerce professionals with cutting-edge solutions.

# Supply Chain Solutions and Transport Management System

## Inventory Management

Track your inventory in real-time with our advanced software solutions. Our system can help you monitor stock levels, automate ordering, and manage supplier relationships.

## Logistics Optimization

Our team of experts can help you optimize your logistics processes, from transportation to warehousing. We'll work with you to reduce costs, improve efficiency, and streamline your supply chain.

## Supplier Collaboration

Our solutions enable seamless collaboration with your suppliers, from order management to invoicing. We'll help you build stronger relationships with your partners and improve overall supply chain performance.

# Data Interchange Management

## **EDI Services**

Streamline your communication with trading partners using Electronic Data Interchange (EDI). Send and receive orders, invoices, and other business documents efficiently.

## **EDI Message Types**

We support various EDI message types to ensure smooth communication with your trading partners.

# ERP Integrations

Some of the ERP systems we support:

# User-Friendly Web Portals

At Cloudster Connect, we specialize in building intuitive and efficient web portals that enhance your business operations.
