<b>SHORT DESCRIPTION:</b> <b>(200 characters)</b>  Provide up to 200 characters of plain text. This summary will appear on your offer's details page.	Simplify your AI journey with our Collaboration service. From design to training, we guide your business to maximize the benefits of this innovative technology.	Facilitez votre transition vers l'IA avec notre offre de Collaboration. De la conception à la formation, nous guidons votre entreprise pour maximiser les avantages de cette technologie innovante.
<b>DESCRIPTION:</b> <b>(5,000 characters including HTML markup)</b> <b>Obligatoire</b>  Consider including a value proposition, key benefits, intended user base, any category or industry associations, in-app purchase opportunities, customer need or pain that the offer addresses, any required disclosures, and a link to learn more.  This text box has rich text editor controls that you can use to make your description more engaging.  You can also use HTML tags to format your description. You can enter up to 5,000 characters of text in this box, which includes HTML markup and spaces.  👉 For additional tips, see <a href="#">Write a great app description</a> and <a href="#">HTML tags</a>	Our "Collaboration with AI" service offering enables the design of AI services, as well as support, implementation, and training in this new technology. Our value proposition lies in our ability to help businesses leverage AI to improve their efficiency, productivity, and profitability. The key benefits of our offering include the automation of repetitive tasks, the provision of data-driven recommendations, and the acceleration of processes. Our intended user base includes businesses of all sizes and industries, as well as public organizations. We are partnered with leading partners such as Microsoft to offer cutting-edge AI services. In-app purchase opportunities are available for users who wish to extend the core functionality. Our offering addresses the needs and problems of customers by enabling them to leverage AI to improve their efficiency and profitability.	Notre offre de service "Collaboration avec l'IA" permet la conception de services d'IA, ainsi que l'accompagnement, la mise en place et la formation face à cette nouvelle technologie. Notre proposition de valeur réside dans notre capacité à aider les entreprises à tirer parti de l'IA pour améliorer leur efficacité, leur productivité et leur rentabilité. Les principaux avantages de notre offre incluent l'automatisation des tâches répétitives, la fourniture de recommandations basées sur les données et l'accélération des processus. Notre base d'utilisateurs prévue comprend les entreprises de toutes tailles et de tous secteurs, ainsi que les organisations publiques. Nous sommes associés à des partenaires de premier plan tels que Microsoft pour offrir des services d'IA de pointe. Des opportunités d'achat dans l'application sont disponibles pour les utilisateurs qui souhaitent étendre les fonctionnalités de base. Notre offre répond aux besoins et aux problèmes des clients en leur permettant de tirer parti de l'IA pour améliorer leur efficacité et leur rentabilité.
