Microsoft 365 Copilot Chat

Cognizant® Integrated Agents for Copilot

Revolutionize the workplace

Connect your business' apps with Copilot and interact directly with them from Copilot Chat via industry specific Copilot Agents. Pay-as-you-go for Agent usage, tied to your existing Azure commitment to Microsoft, allowing you to start quickly and expand usage as necessary.

Our expert consultants can help you take advantage of Copilot even before you purchase a single license of Microsoft 365 Copilot.

Deploy Copilot Chat + Agents and transform how you work

- Training for staff on how to use Copilot Chat out of the box
- Industry focused Copilot Agents that integrate to common off-the-shelf software packages
- 1st party Microsoft Copilot Agents (facilitator, research, analyst, etc.) included at no additional cost

- SharePoint Agents free up to July
- Declarative Agents available for internally developed line-of-business software – drive Copilot Chat usage
- Reporting on Copilot Agent usage
- Enablement can expand into Microsoft 365 Copilot to drive further value
