

Get started with Microsoft Viva and Cognizant

In Organizations with a global and mobile workforce the Employee Experience becomes the backbone of the organization.

Our Employee Experience offering helps to improve **productivity** and **engagement** of the employee while **simplifying** the way work gets done.

When you join this workshop, you'll get:

- The “why” behind Viva
- Details about what Viva brings to the table for you and your employees
- An explanation of how Viva centralizes and simplifies the experience
- Examples of how Viva fits seamlessly into your work life
- A demo of Viva
- Details on what's included in the free “Seeded” version and the Premium version
- A peek into the integrations that are planned for Day 1 and beyond
- Access to our experts to talk about how Viva supports your strategy

Want to be an innovator? Join us and we'll be your guide.
