

# Active Directory IAM Assessment

Unlock the full potential of your identity ecosystem—secure, modern, and ready for the future

Our process includes stakeholder readouts tailored for technical teams, business leaders, and the C-Suite, ensuring alignment across all levels of your organization.

**Discover and Map your current identity landscape**

**Assess Security Posture**

**Analyze Integration Readiness**

**Provide Actionable Insights**

Transforming your identity infrastructure begins with a clear understanding of where you are today. Our Active Directory IAM Assessment provides a structured, data-driven approach to evaluate your Active Directory and Microsoft Entra ID environment.

## Set the foundation for a secure, efficient, and future-ready IAM strategy

- **Enhanced Security & Compliance:** Identify vulnerabilities and align with regulatory requirements.
- **Operational Efficiency:** Reduce administrative overhead through streamlined access controls and automation opportunities.
- **Improved User Experience:** Enable seamless sign-on and collaboration across on-premises and cloud environments.
- **Strategic Roadmap:** Gain a clear, actionable plan for modernizing your identity ecosystem.

## Why Collective Insights?

Our clients' needs come first. We make sure you succeed by using our proven methodologies that drive successful organization change, which lead to faster adoption and usage. We don't just create strategies — we work together to ensure the long-term success of your business.
