# Build Apps In a Day

---

Special Offer

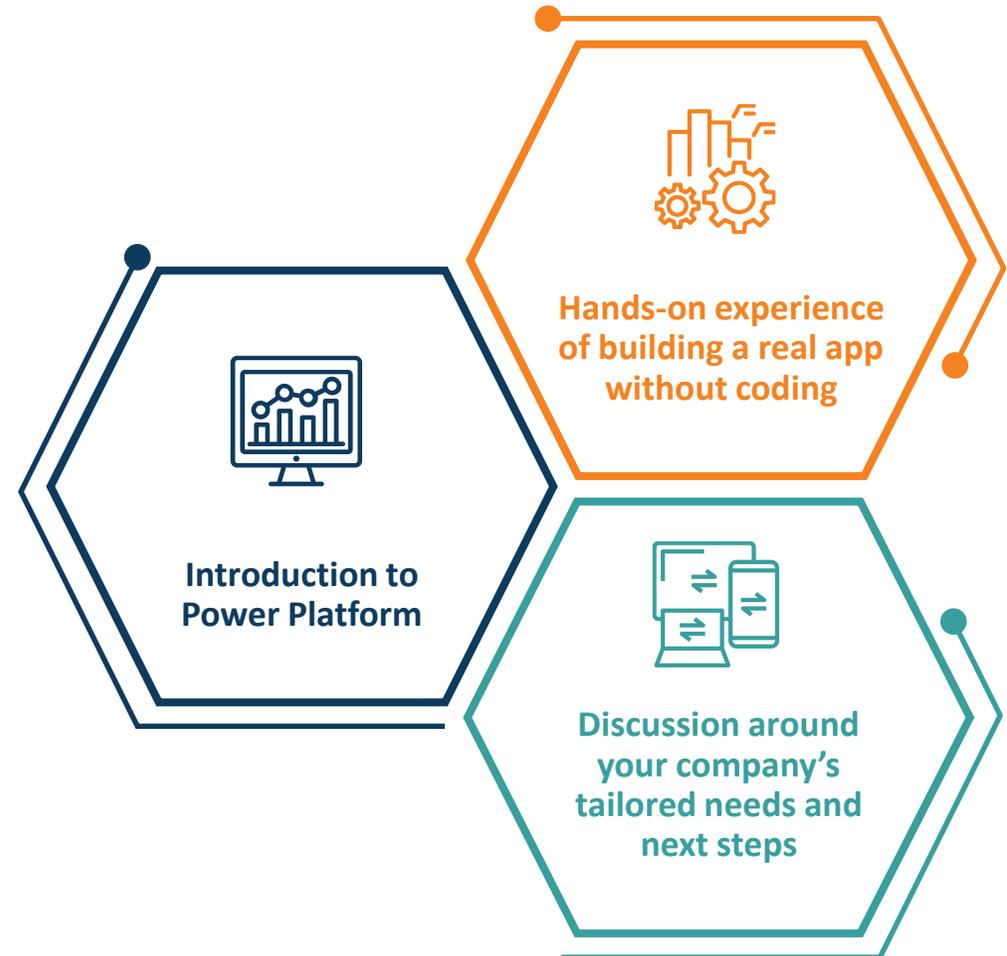

# What is “Build Apps In a Day” Offer

---

**A One-day workshop** that will enable your team to create custom business applications fast and without writing code.

Our experts will lead you through the entire process, answer your questions and demonstrate Power Platform capabilities based on the real-case business scenario.

The workshop contains **3 core elements**:

# Participants

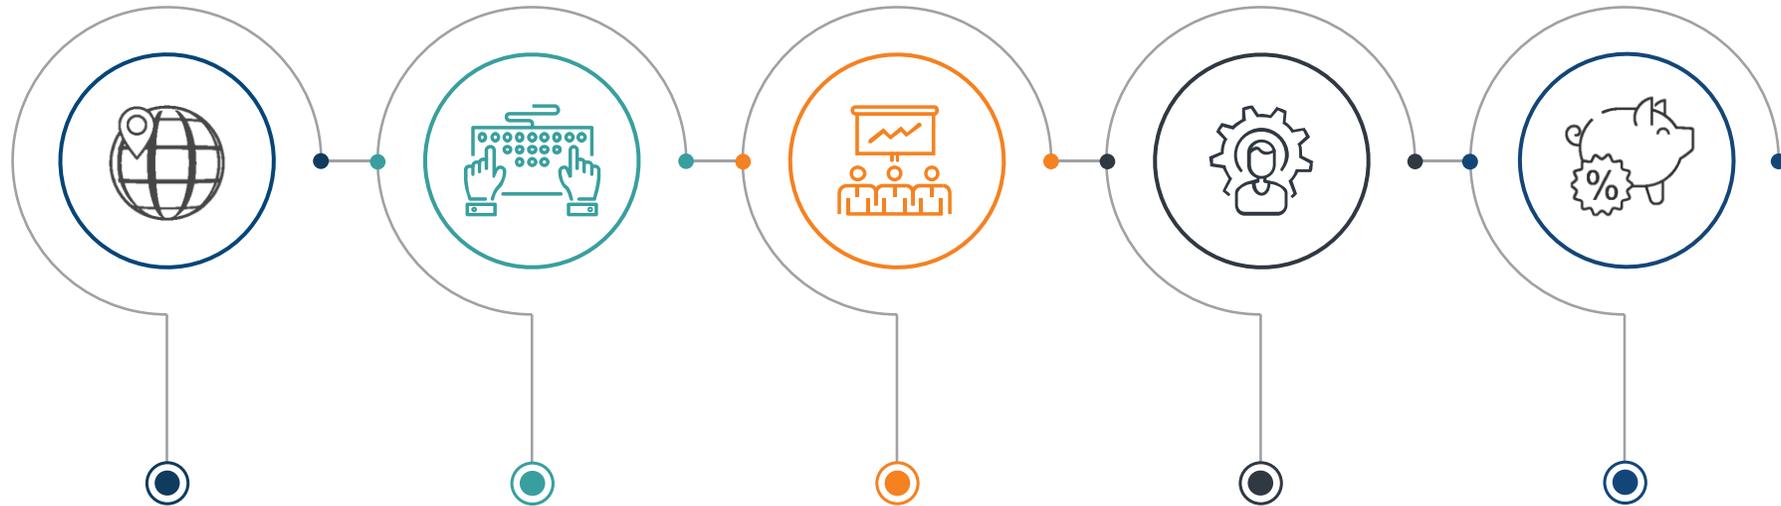

---

You don't have to have IT knowledge to be a part of the Workshop. On the contrary, as a business user (citizen developer) you will realize how easily you or your team can build apps tailored to your business needs to drive productivity and automation in your team.
