

Keep pace with the cadence of change in Microsoft 365

EVERGREEN IT SERVICE FROM COMPANYNET

CompanyNet is a multiple Microsoft Gold Partner with over 25 years' experience. We help businesses like yours drive more value and better experiences from Microsoft 365.

Our Evergreen IT service lets you take back control. Instead of chasing your tail forever trying to catch up, we help you plan for what comes next.

Microsoft 365 evolves constantly, and so does the way your organisation uses it. Take control of change and plan the use of your Microsoft 365 experience with CompanyNet's Evergreen IT service.

WHAT WE OFFER

Cloud platforms like Microsoft 365 need a new kind of operating model compared with the on-premises software your team may be used to.

If not well-managed, the rapid pace of change will have real-world impacts on resources across your organisation.

CompanyNet's expert team monitors thousands of Microsoft 365 changes each month. We will identify and explain the ones that may impact your business.

We'll support your digital workplace evolution and help answer your questions and challenges, too.

You will become more confident around your business's use of Microsoft 365, leading to new ways of working. You'll gain a clear view of what lies ahead, and how you need to act. And you'll have an expert partner on hand to guide you through any challenges in this brave new world.

Why Microsoft 365?

Save your company money

Microsoft 365 is available as a simple monthly subscription. Avoid large up-front costs for new software while moving the cost of IT from capital to operating expense. And without on-premises servers to run email, websites, and document storage, you can reduce energy costs and save by no longer purchasing new server hardware.

Scale your business quickly and flexibly

Microsoft 365 grows with you on the Microsoft Azure cloud. Adding a new user is as simple as buying an additional license, which allows access to business-critical technology on up to five PCs/Macs and five mobile devices. Microsoft 365 provides many plans to fit the right capability needs and price points for each user in your organization.

Technical support

Your Microsoft 365 subscription comes with 24/7 support from a global network of experts, with one-hour response for critical, service-impacting events.

Financially backed SLA

Get peace of mind knowing your services are available when you need them with a financially backed, 99.9% uptime service-level agreement.

Simplified IT management

Reduce headaches by reducing your IT infrastructure. Content lives safely in globally distributed data centers with continuous backup and disaster recovery abilities.

Microsoft 365 is a cloud-based subscription service that brings together the best tools for the way people work today. By combining best-in-class apps like Excel and Outlook with powerful cloud services like OneDrive and Microsoft Teams, Microsoft 365 lets anyone create and share anywhere on any device.
