

# Power Platform Consulting Offer via AppSource

## 4-day Workshop Proof-of-concept

### \$10,000; travel included\*

This four-day workshop at your facility allows your team to vet the Power Platform as a suitable platform for process automation. You choose the process to target, and our team will work with your team on building out a working proof-of-concept (POC). Your team will learn first-hand from a Power Platform expert, and at the end will have something to show for their effort.

#### Deliverables:

- Process Review, UI/UX, Power Platform Build, Data Integration, Process Automation, Best Practices, Pro Tips, and POC

#### Notes:

- Training is limited to 20 attendees per session and will be conducted on-site at the client's facility; additional attendees can be accommodated by reaching out to us

\*Travel within the continental United States and Canada included

#### Agenda:

**Day 1: Process Review and UI/UX Design**

**Day 2: Power Platform Build-out**

**Day 3: Design Refinement and**

**Day 4: Data Integration**

 Microsoft | Power Platform

Power Apps

Power Virtual Assistant

Power BI

Dynamics 365

Confluent was an early adopter of the Power Platform, and can trace our involvement with it back to the beginning. Our focus is on delivering cloud-based business application solutions. With the Power Platform companies of any size have the ability to afford a digital transformation initiative. We leverage this tool set to solve a myriad of different business process improvement challenges, and work with companies of all sizes and varying industries to identify opportunities for digital transformation.
