

Power Platform Consulting Offer via AppSource

2-week On-site Advisory and Support

\$20,000; travel included*

This ten day engagement on-site at your facility will allow your team access to a Power Platform expert. You choose which processes or project to work on during the engagement. Our resource will provide you with the expertise to start a project with best practices in mind, wrap up a project that has stalled, or provide general support to several parallel efforts.

Agenda:

- Day 1 - 10: Full, On-site Access to a Power Platform Expert

Deliverables:

- Agenda and / or services to be rendered based on your preference

Notes:

- * Travel within the continental United States and Canada included

Sample of Advisory Services:

- Security Administration
- Advanced Platform Development
- Create and optimize reports and telemetry to support data-driven decision making.
- Create automation for administration tasks.
- Licensing
- Environments and Solutions
- Security and Data Loss Prevention (DLP)
- Deploying and Application Lifecycle Management (ALM)
- Installation and Monitoring the Center of Excellence (COE)

 Microsoft | Power Platform

Confluent was an early adopter of the Power Platform, and can trace our involvement with it back to the beginning. Our focus is on delivering cloud-based business application solutions. With the Power Platform companies of any size have the ability to afford a digital transformation initiative. We leverage this tool set to solve a myriad of different business process improvement challenges, and work with companies of all sizes and varying industries to identify opportunities for digital transformation.
