

Power Platform Consulting Offer via AppSource

4-day Replacement Assessment

\$10,000; travel included*

Interested in learning more about the Power Platform: Power Apps, Power Automate, Power BI, and Dataverse? This four day workshop on-site at your facility will jump start your team's learning the ins and outs of these tools. Each topic will be start with an in-depth overview of the platform, its benefits, and end with a road map exercise to help you understand where they can fit into your digital transformation. Each product's overview will be followed by a hands-on lab improving your team's skills at leveraging these tools. Confluent resources will be there to help. Your resources will walk away with a big jump on understanding the details of each platform.

Deliverables:

Process Review, UI/UX, Power Platform Build, Data Integration, Process Automation, Best Practices, Pro Tips, and POC

Notes:

- Training is limited to 20 attendees per session and will be conducted on-site at the client's facility

*Travel within the continental United States and Canada included

Agenda:

Day 1: PowerApps and Flow for Beginner or Advanced Users

Day 2: Best Practices and Power Platform Pro Tips

Day 3 & 4: PowerApps Proof-of-concept of a Real Business Process of your Choice

 Microsoft | Power Platform

Confluent was an early adopter of the Power Platform, and can trace our involvement with it back to the beginning. Our focus is on delivering cloud-based business application solutions. With the Power Platform companies of any size have the ability to afford a digital transformation initiative. We leverage this tool set to solve a myriad of different business process improvement challenges, and work with companies of all sizes and varying industries to identify opportunities for digital transformation.
