

Cloud Adoption Framework for Azure: Strategy and Plan 6-Week Assessment

Advania's Azure cloud adoption strategy and plan assessment provides a guided Azure adoption experience with tools-based discovery, expert recommendations, and outcome-focused cloud adoption plan.

Advania is pleased to offer our cloud adoption Strategy and Plan Assessment for Microsoft Azure, which provides a proven methodology and suite of services that delivers value across the early stages of your cloud transformation journey.

Our assessment will provide your organisation with a clear high-level cloud adoption strategy and plan to accelerate your journey into Microsoft Azure cloud technologies during a typical 6-week engagement.
