# Our Product

Leah

Leah is your comprehensive agentic AI legal intelligence solution featuring a comprehensive suite of specialized applications: Leah Discovery accelerates document analysis from days to hours, uncovering critical patterns with custom models. Leah Draft produces high-quality legal documents in minutes with accuracy and consistency. Leah Drive centralizes documents with intelligent categorization and AI-powered search. Leah Extract automatically pulls key data with precision, creating actionable information. Leah Helpdesk provides frontline legal defense, guiding teams based on best practices. Leah Contract Review & Negotiation leverages AI to identify risks, suggest improvements, track changes, ensure compliance, and accelerate deals while maintaining legal integrity. Leah Marketplace offers specialized legal AI tools and templates for evolving challenges. Leah Redline delivers sophisticated analysis with risk reports and automatic redlines in Microsoft Word. Leah Playbook transforms existing documents into customized playbooks, standardizing practices across your legal department and enhancing consistency in document creation and review. Together, these powerful applications form a complete ecosystem that transforms legal departments from cost centers into strategic business partners driving enterprise value.

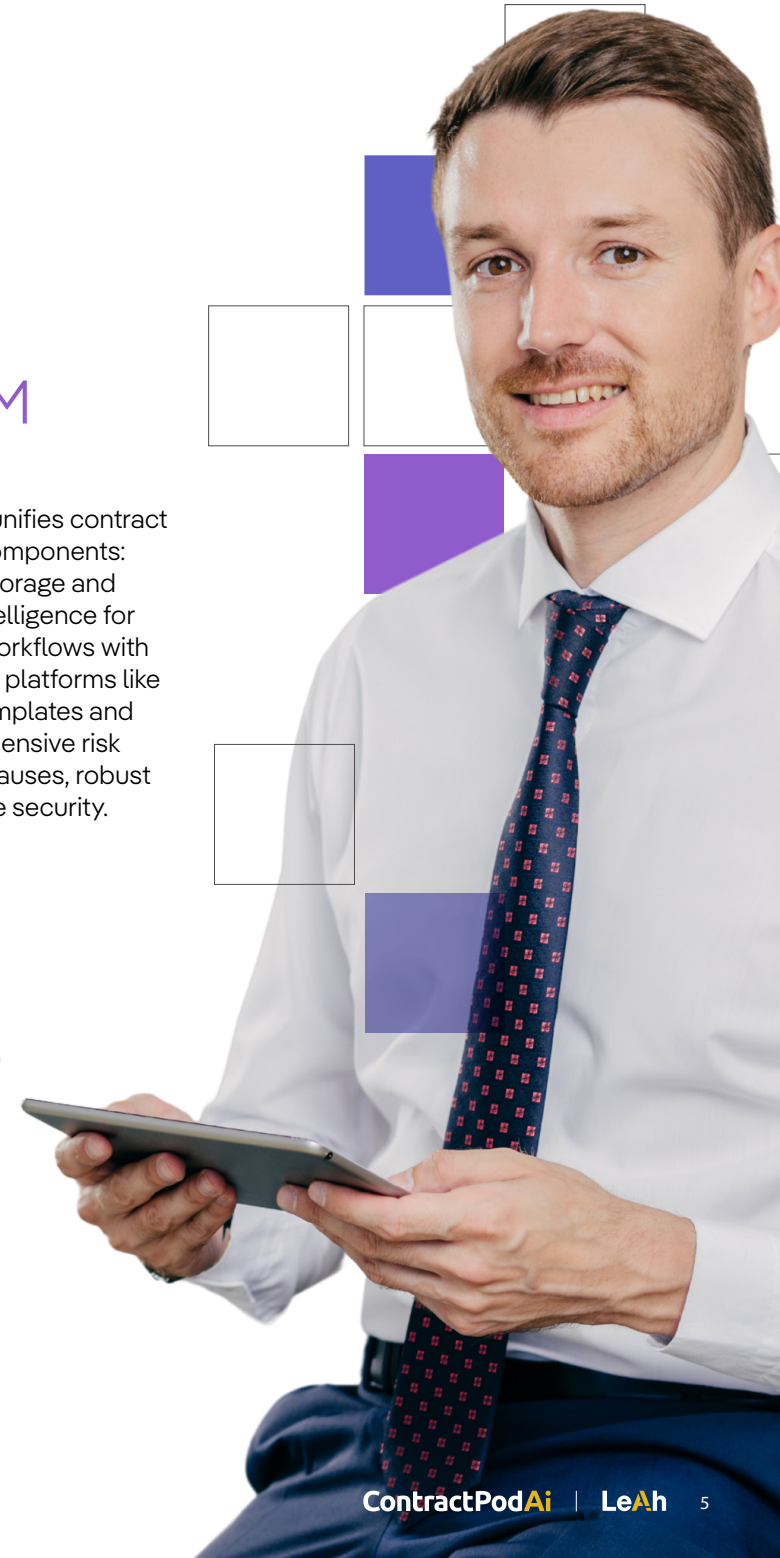

Agentic CLM

ContractPodAi's end-to-end CLM system unifies contract management through several integrated components: a secure smart repository for centralized storage and retrieval, AI-powered analytics via Leah Intelligence for risk assessment and insights, automated workflows with approval routing, seamless integration with platforms like Salesforce and Microsoft, customizable templates and clause libraries for faster drafting, comprehensive risk management tools that flag problematic clauses, robust reporting capabilities, and enterprise-grade security.

Legal Intake

Our Legal Intake application allows you to triage legal requests digitally, ensuring the most efficient delivery of services and resolutions. As requests come in, they are routed to the right resources automatically — based on need and priority.

# Implementation and Ongoing Success

## Transformation and Customer Success Team

Your journey with us doesn't end after purchase. Our dedicated team works alongside you every step of the way, from implementation to continuous value realization. We've built a powerful ecosystem of partners who can assist with implementation based on your unique needs. Once you're up and running, our Customer Success Experts deliver ongoing support through regular check-ins at key milestones, product training, new feature introductions, and quarterly business reviews. We actively track analytics to identify growth opportunities and drive impact in underperforming areas. Your success is our success, and we're committed to proving it every day.

## Security Standards

ContractPodAi ensures robust security with Microsoft Azure infrastructure, leveraging fault-tolerant architecture for high availability and a 99.9% uptime guarantee. We employ advanced encryption, RBAC, SSO, and MFA to safeguard access, alongside firewalls, intrusion prevention, and continuous monitoring to mitigate threats. Our compliance framework includes SOC 2 Type II, ISO 27001, GDPR adherence, and optional HIPAA compliance, ensuring enterprise-grade protection for contract data.

# Trusted by

“

Our implementation contact was a pleasure to work with. She happily walked my team through the implementation process ... and thoroughly explained each step of the process and each area of the software. ... Overall, ContractPodAi was a great help.
