

## All-in-One Microsoft Azure & Modern Work Management Platform

### Transparency, control, and peace of mind that the pace of your business demands

As your business grows, your technology footprint does too; and your stakeholders, financial, and IT teams need a simple way to manage and connect data across your Azure and Modern Work tools. Insights by Coretek provides transparency, control, and peace of mind that the pace of your business demands.

#### Cost Optimization

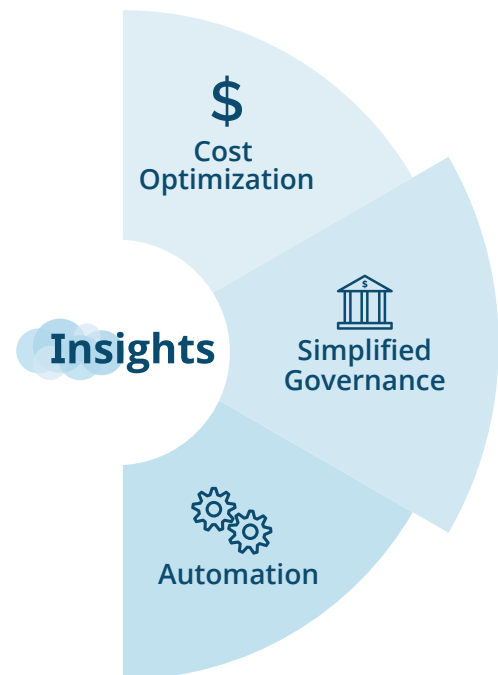

Insights by Coretek simplifies the management of your Azure and Microsoft 365 costs. It provides a single pane of glass view with predictive analytics and budget alerts in an easy-to-navigate and easy-to-understand experience for your business.

#### Simplified Governance

Insights by Coretek helps you manage changes, monitor security and performance needs regardless of the size or complexity of your business and its environment.

#### Automation

Insights by Coretek allows your business to scale with demand and provides the assurance and confidence that your technology is deployed securely and consistently for your business needs.

"Provisioning new users and licenses used to take hours for our team; now, using Insights by Coretek, it only takes our team minutes to do the same tasks. This platform has simplified and sped up the daily management of our Microsoft Azure and Modern Work tools."
