

M365 TENANT ASSESSMENT

STREAMLINE AND OPTIMIZE M365

The Coretek M365 Tenant Assessment is a focused engagement designed to help organizations evaluate the health of their Microsoft 365 environment. In just a few weeks, Coretek delivers prioritized findings and actionable recommendations across security, adoption, and administration—ensuring your tenant aligns with industry best practices and business needs.

Our Approach

Coretek provides an end-to-end review of your Microsoft 365 tenant, taking a holistic look at licensing, security, administration, and adoption. This comprehensive assessment includes:

Licensing & Subscriptions

Assess alignment with business and cost efficiency goals.

Tenant Configurations

Evaluate security, compliance, and administration settings.

Adoption & Usage Analytics

Identify trends and opportunities to boost utilization.

Actionable Roadmap

Deliver findings, reference links, and a formal presentation with clear next steps.

Engagement Details

At the conclusion of the engagement, you'll have:

- Detailed documentation of findings and recommendations.
- A prioritized action plan to address security and configuration gaps.
- Insights to optimize licensing, reduce costs, and increase adoption.
- A formal presentation to align stakeholders on next steps.

Coretek is the **#1 Microsoft Azure Cloud Provider** in the United States. We've earned our world-class reputation by partnering with our clients and solving complex business challenges, while leveraging Microsoft and strategic partner solutions with high-performance Consulting, Managed Services, Security, and AI-driven innovation.
