

# Hybrid Meetings with Microsoft Teams Meeting Rooms

**Bridge the gap between people working remotely and those in the office with a meeting room solution that allows everyone to be seen, heard, and fully participate from anywhere.**

Microsoft Teams Meeting Rooms are purpose-built calling and meeting room solutions that deliver a Microsoft Teams experience with full HD audio and video on Teams-certified hardware. With Teams meeting room solutions, your organisation receives consistent, intuitive, and inclusive meeting experiences to ensure reliable, high-quality audio and video communication.

## Inclusive

Foster inclusive and interactive meetings for everyone, regardless of where they are.

## Easy to use

Deliver consistent Teams experiences designed to make collaboration easy and hassle free.

## Flexible

Turn any shared space into a Teams Room with a wide selection of devices and features.

## Secure

Keep devices protected and up to date with rich management capabilities and powerful analytics.

## Bring Microsoft Teams to any meeting space

Help everyone feel closer and more engaged and collaborate fully. Remote participants have a presence in the room, while in-room participants can retain their personal identity and not get lost in the crowd.

### Focus Room

Ideate and collaborate in spaces that are ideal for three to five people.

### Medium Space

Share ideas and connect with up to eleven people in the room and many more online.

### Large Meeting Room

Large meeting spaces are great for formal presentations, large team gatherings, and collaboration across work groups.

## Why choose CPS as your Microsoft Teams Meeting Rooms partner?

A Microsoft Gold Partner, we hold the Microsoft Gold Cloud Productivity Advanced Specialisation for Meetings and Meeting Rooms for Microsoft Teams.

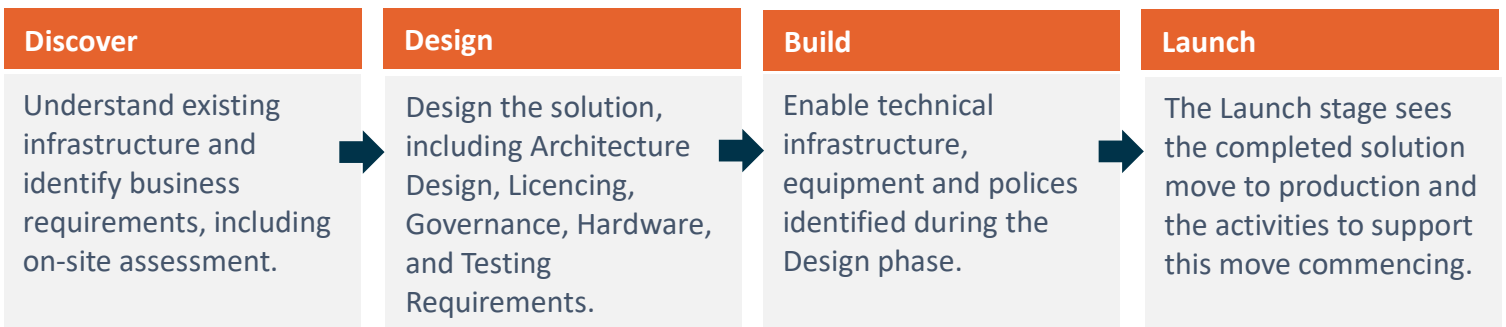

We are also a prime partner to Microsoft Teams Room vendors. We are certified and accredited to design, plan, deliver and support the most complex global deployments within Microsoft Teams across both Yealink and Poly room kit solutions.

### Benefits

- Enhance face-to-face meeting activities (e.g., with content collaboration).
- Reduce geographic barriers for organisational communication.
- Increase employee engagement for remote workers by using video.
- Save time and money by minimising business travel.
- Deliver corporate or departmental communication events, such as employee town hall meetings.

## Delivering workplaces that are inclusive and enabling, with the use of Microsoft 365.

### Partnering with leading Unified Communications partners

#### Our Mission

Our mission is clear, to enable our clients to achieve their strategic priorities, through the delivery of business solutions that are delivered on Microsoft Cloud technology.
