IS DONE

## TEAMS ACCELERATE AND ADOPTION

Let CPS help to accelerate the planning, deployment and adoption of Microsoft Teams through the many transformational elements – Collaboration, Calling & Meetings, Custom Process Solutions and Managed Service Support

### WHAT IS IT?

At CPS our Microsoft Teams Accelerate and Adoption program is a comprehensive offering taking the customer through a 5-stage process detailed below, focusing on user adoption. We provide advice, guidance, planning and launching of services for Microsoft Teams and other technologies. With the help of a learning portal we are able to track measure and support the adoption process, creating skills paths and user journeys to assist all users on their adoption journey.

### WHY CHOOSE TEAMS ACCELERATE AND ADOPTION FROM CPS?

Using the CPS Accelerate and Adoption will help with:

- Quicker adoption of Microsoft Teams
- Greater value gains in your organisation
- Increase awareness and productivity
- Greater return on investment
- Increases collaboration and overall team performance
- Creates cultural change in a seamless way
- Drive Value

### WHO IS IT TAILORED FOR?

Working with CPS we offer you a customised and bespoke program across all sectors of industry. We help all deferring organisations adopt Microsoft Teams to its fullest and embrace the seamless transition to leveraging Office 365 and Microsoft Teams. We are certified and skilled in all areas of Microsoft Teams and Collaboration ranging from pure collaboration needs, through Calling and Meeting requirements onto Adoption and Change finishing with a manage service offering.

## WHO ARE WE?

As a Microsoft Gold partner, we follow the same Prosci methodology as Microsoft, and have done for the past 15 years, resulting in having 12 prosci trained practitioners in house.

We have a proven track record with a number of customers on helping them to utilise their existing Microsoft licenses and make the most of their investment.

Our Aim at CPS is to work with various stakeholders and champions within the business to give them the tools and understanding they need to drive adoption within their organisation. We also understand that each organisation is unique and are on hand to onboard and measure success with each department/individual.
