

Crayon Fabric Center of Excellence

Unlock the Power of Data Potential & AI Adoption

About Us

Crayon's Data/AI team, based in India, comprises 25+ highly skilled data professionals delivering global solutions. Our team's diverse expertise spans data engineering, analytics, data science, and cloud technologies. With a strong foundation in both data and AI, we are committed to helping organizations harness the full potential of their data assets.

Our Team's Strengths

- **Data Engineers:** 5+ experts in building scalable data pipelines and integration.
 - **Analytics Engineers:** 7+ experts in transforming raw data into meaningful analytics.
 - **Data Scientists:** 10+ experts in advanced statistical and machine learning techniques.
 - **Data Analysts:** 10+ experts in data interpretation and visualization.
 - **Cloud Engineers:** 25+ experts in designing and managing cloud infrastructure.
 - **Data Stewards:** Ensuring data quality, compliance, and governance.
- 

Our Offerings

- **Seamless Migration to Microsoft Fabric:**

1. **Assessment and Planning:** Comprehensive evaluation and detailed migration plan.
2. **Migration Execution:** Step-by-step process ensuring minimal disruption.

3. Data Validation: Ensuring data integrity and accuracy post-migration.
4. Performance Optimization: Tuning the Microsoft Fabric environment for efficiency.
5. Training and Support: Providing training sessions and ongoing support.

• Custom Data and AI Solutions

1. Data Strategy Development: Crafting tailored data strategies.
2. AI Readiness Assessment: Evaluating and enhancing AI adoption.
3. AI Solution Implementation: Deploying AI solutions for specific challenges.
4. Data Governance: Establishing robust frameworks for data quality and security.
5. Advanced Analytics: Deriving actionable insights to drive business value.
6. Ongoing Innovation: Integrating the latest advancements in AI and analytics.

Why Crayon?

Crayon Fabric Center of Excellence offers a 360-degree approach to data management and AI. Our team leverages its deep industry knowledge to provide tailored solutions that help organizations navigate the complexities of the data landscape. From initial assessment to final deployment, our experts work closely with your team to identify opportunities for growth and innovation. We prioritize creating sustainable data ecosystems that not only meet current business needs but also anticipate future challenges and opportunities. Whether you're looking to optimize existing systems or explore new AI possibilities, the Crayon Fabric Center of Excellence is your trusted partner for transformative success.

GLOBAL LEADER
