# Collaborative Apps Workshop

Held in-person or virtually this workshop focuses on showing customers the power of Teams apps, Power apps, and custom LOB solutions. Additionally, this workshop will discover customers' unique business scenarios, and recommend a solution design that effectively meets customer requirements. This workshop can be broken down into multiple 4-hour sessions or multiple day sessions.

Price: $5,000

Use apps to support any business scenario

Find an app for virtually anything your business needs

- Achieve business and professional goals
- Automate signature requests and document approvals
- Create and manage schedules and appointments
- Support employee skilling and growth
- Stay productive from anywhere
- Automate processes and workflows
- Build company culture and boost engagement
- Power data-driven decision making
- Manage the entire sales pipeline
- Reduce the load on the help desk

Included in the Collaborative Apps Workshop will be:

- Define scope, identify business stakeholders, and gather information on key business scenarios
- Envision the art of the possible, pinpoint scenarios that can result in increased user engagement and productivity.
- Prioritize scenarios to include in a solution plan, define next steps, timeline to develop and implement the solution.

Dedication. Innovation. Results.
