

# Copilot Studio Vision & Value

In today's fast-paced and demanding digital landscape, the workforce is increasingly overwhelmed. Many employees are turning to personal AI tools for assistance, which poses a risk to company data. With the adoption of digital customer experience channels at an all-time high, customers now expect personalized and timely resolutions for more complex needs. However, businesses are facing significant talent shortages.

**\$5,000**

## DESCRIPTION:

## INSIGHTS:

- Address business challenges with intelligent AI assistants that can dynamically access business knowledge and streamline workflows.
- Enhance productivity by minimizing manual processes, giving employees more time to concentrate on high-value projects.
- Lower overhead costs, mitigate risks, and accelerate time to value by enabling creators to swiftly develop scalable, secure solutions.

Who should attend?

- IT Executives (CIO, CTO, CSO)
- Leaders in Digital Transformation & Innovation
- Applications & Automation Technologists
- Line of Business Leaders (HR, Operations, Finance)
- IT Professionals & Decision Influencers

A three-phase engagement that offers an overview of the **Art of the Possible**, covers essential concepts, and develops **next-generation AI capabilities** using Microsoft Copilot Studio.

### Inspire

The Inspire phase introduces the transformative potential of Microsoft Copilot Studio, aligning with customer goals and showcasing how AI can enhance business processes and drive innovation.

### Assess

The Assess phase examines the customer's AI readiness, identifies key business challenges, and explores high-impact use cases, helping customers envision how Copilot Studio can meet their specific needs.

### Design

The Design phase concentrates on creating a robust business case and developing a strategic roadmap for AI adoption, offering clear recommendations for leveraging Copilot Studio to achieve measurable outcomes.

## What You Can Expect

Aligning on the potential to **extend** Copilot or **develop** custom Copilots within your organization.

A **prioritized list of business initiatives** suitable for enabling Microsoft Copilot Studio.

Recommendations for **objectives, target results**, and next steps to achieve desired outcomes with Microsoft Copilot Studio.
