

Cyber Advisors Microsoft Marketplace Offerings

- ➔ **ENTERPRISE MICROSOFT ASSESSMENT: ELIMINATING AMBIGUITY WITH MICROSOFT LICENSING AND ADOPTION**
- ➔ **SMB MICROSOFT ASSESSMENT: ELIMINATING AMBIGUITY WITH MICROSOFT LICENSING AND ADOPTION**

In many cases, Microsoft customers are lacking adoption because they have a deficient understanding of what licenses they own and what they are entitled to. Additionally, Microsoft customers lack knowledge of what efficiencies can be gained by utilizing all of the applications and tools they are entitled for. Our goal is to provide the customer with a rich ROI in return of the cost of this assessment.

CYBER ADVISORS ASSESSMENT

This assessment provides the customer with a deliverable of what they have, what they lack in adoption, and what is possible when you utilize a more complete Microsoft application toolset.

Areas of Assessment:

- Current Licenses Owned and Entitlement
- Low Hanging Fruit with Current Entitlement
- Explore the Possible: Adoption of New Applications and Platforms
- Cost Savings Exploration - What Tools does Microsoft offer that can replace existing tools?
- Roadmap
- Exploration of Business Direction in Relation to Microsoft Platforms
- Azure Reserved Instances Possibilities
- VM Resizing Exploration

Deliverable:

- Complete report on findings

Pricing:

- \$2,500 for SMB
- \$5,000 for Enterprise
