

# Mergers, Acquisitions & Divestitures

cyclotron

**Streamline your business transition with  
hassle-free mergers and divestitures.**

Cyclotron helps organizations overcome the technical challenges of consolidating or divesting organization assets using Microsoft 365, Azure, and third-party migration tools.

Managed assets of  
both organizations  
within one system

Seamless collaboration  
between users in  
Microsoft 365 and  
third-party apps

Rebranding of  
acquired organizations  
under destination  
tenant name

Reduced friction for IT  
processes related to  
end-users and assets

Reduced costs from  
consolidating  
acquired tools

Unified security  
architecture for all  
users and assets

Unified compliance  
approach for accurate  
representation to  
auditors

[Reach out to us](#) to learn more about our Merger, Acquisition & Divestiture services, or anything security.
