

CENTRAL LINKS FOR MICROSOFT TEAMS

How it works?

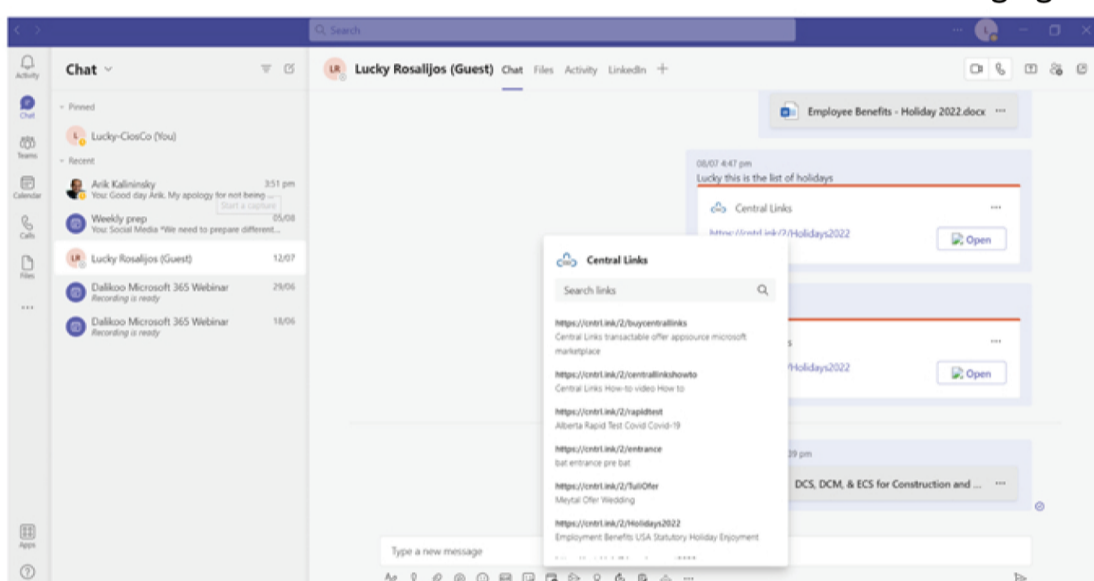

1. Create and maintain your company's Central Links

Create centralized links by using an intuitive interface. Add familiar tags - those tags are searchable and can be used by anyone in your company.

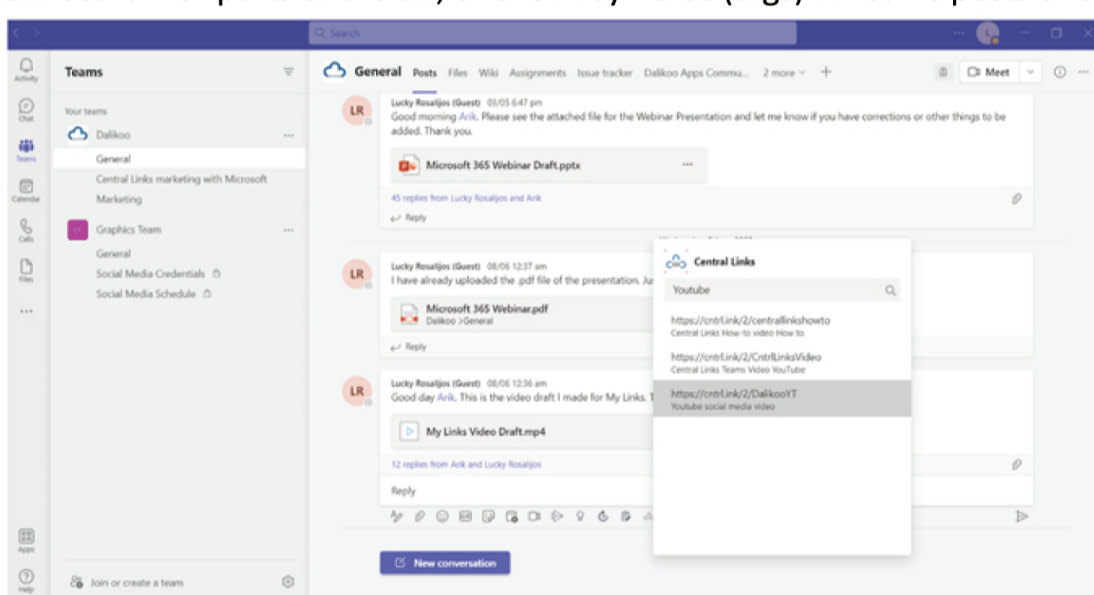

2. Search for Central Links, and add them anywhere in Microsoft Teams

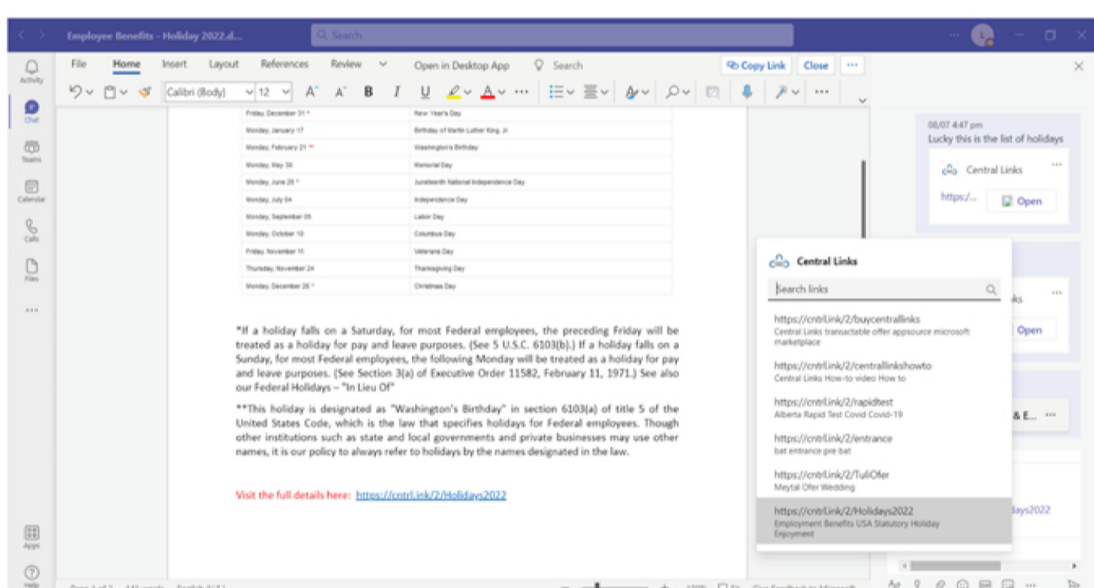

The Central Links interface is available in Microsoft Teams messaging.

You can search for parts of the url, or even keywords (tags) in Teams posts or chats.

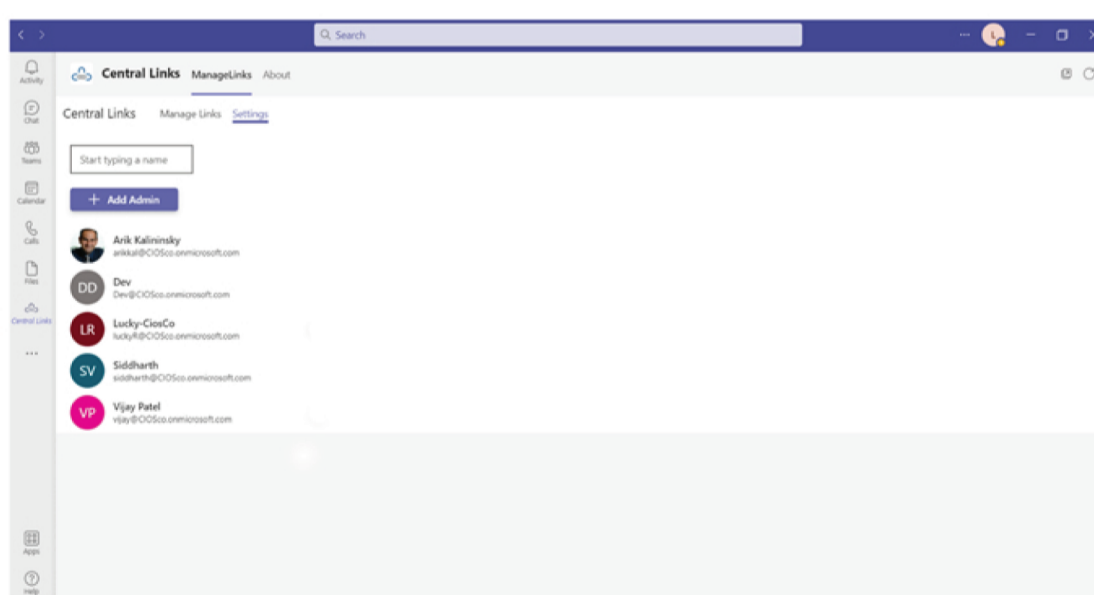

You can even search from inside Office documents, and paste the link right inside the document.

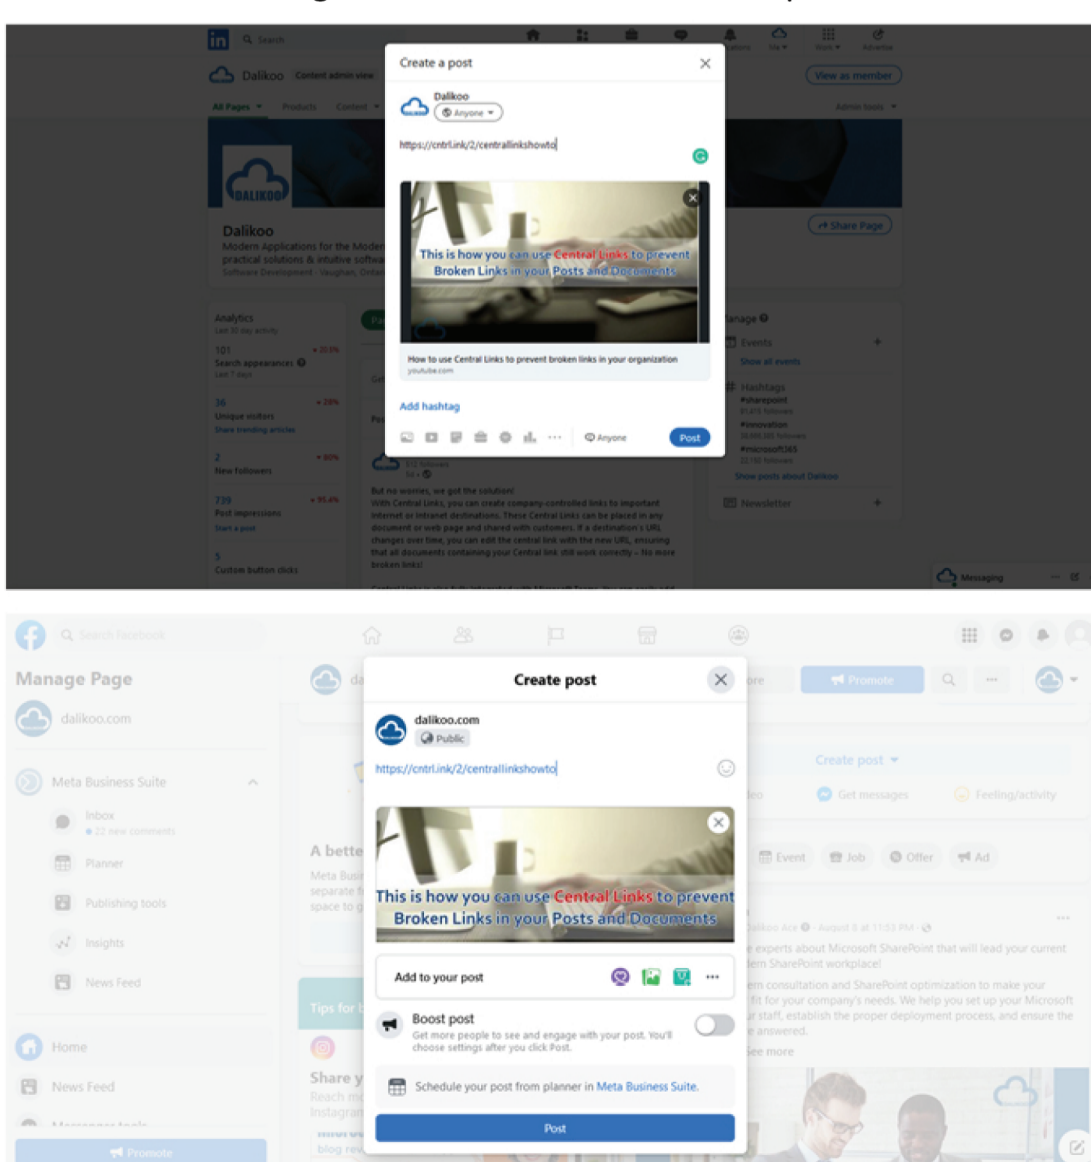

3. Invite other team members to collaborate with you on creating and maintaining links.

You can easily invite people from your organization to collaborate in maintaining Central Links.

4. You can publish the links anywhere! Use them in your social media channels, documents or emails. Anyone can click on the link and get to its destination!

Publishing links on different social media platforms.
