DALIKOO

YOUR IDEAL MICROSOFT EXCHANGE
MIGRATION PARTNER

Dalikoo understands the complexities of migrating to a new email platform like Microsoft Exchange. We offer a seamless, secure, and efficient migration process designed to minimize disruption to your business. Here's what an ideal migration with Dalikoo would look like:

PRE-MIGRATION PLANNING:

- **Discovery & Assessment:** Dalikoo will meticulously assess your current email infrastructure, including user base, data volumes, and existing applications. This ensures a customized migration plan that addresses your specific needs.
- **Solution Design & Architecture:** Our experts will design a robust Exchange environment that aligns with your business goals and security requirements. We will also factor in scalability to accommodate future growth.
- **Data Consolidation & Migration Strategy:** Dalikoo will develop a comprehensive data migration strategy to ensure the secure and complete transfer of your emails, contacts, calendars, and other essential data to the new Exchange platform.

MIGRATION EXECUTION:

- **Phased Migration Approach:** Dalikoo will employ a phased migration approach to minimize downtime and disruption. We'll migrate users in batches, ensuring a smooth transition for everyone.
- **Cutover & User Adoption:** Our team will handle the mailbox cutover to Exchange with minimal interruption. We'll provide extensive training and support to your users to ensure they're comfortable with the new platform.

POST-MIGRATION SUPPORT:

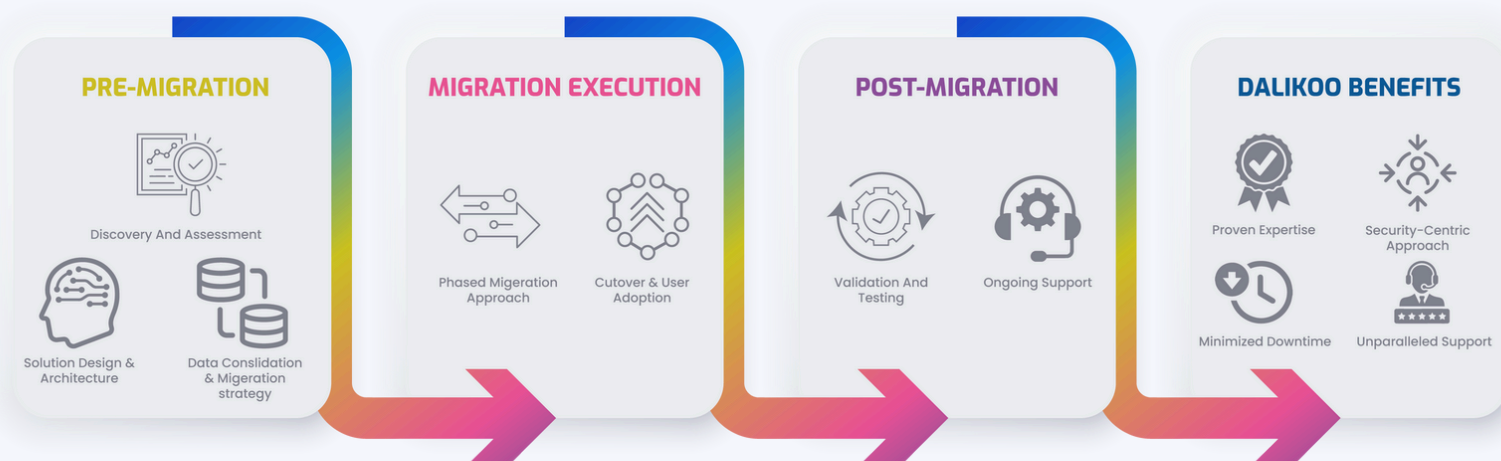

- **Validation & Testing:** Dalikoo will perform thorough testing to verify the complete data migration and functionality of the new Microsoft Exchange environment.
- **Ongoing Support:** We offer ongoing support plans to ensure the smooth operation of your Exchange platform. Our team will be readily available to address any issues that may arise.
