**Teams Calling Launchpad**

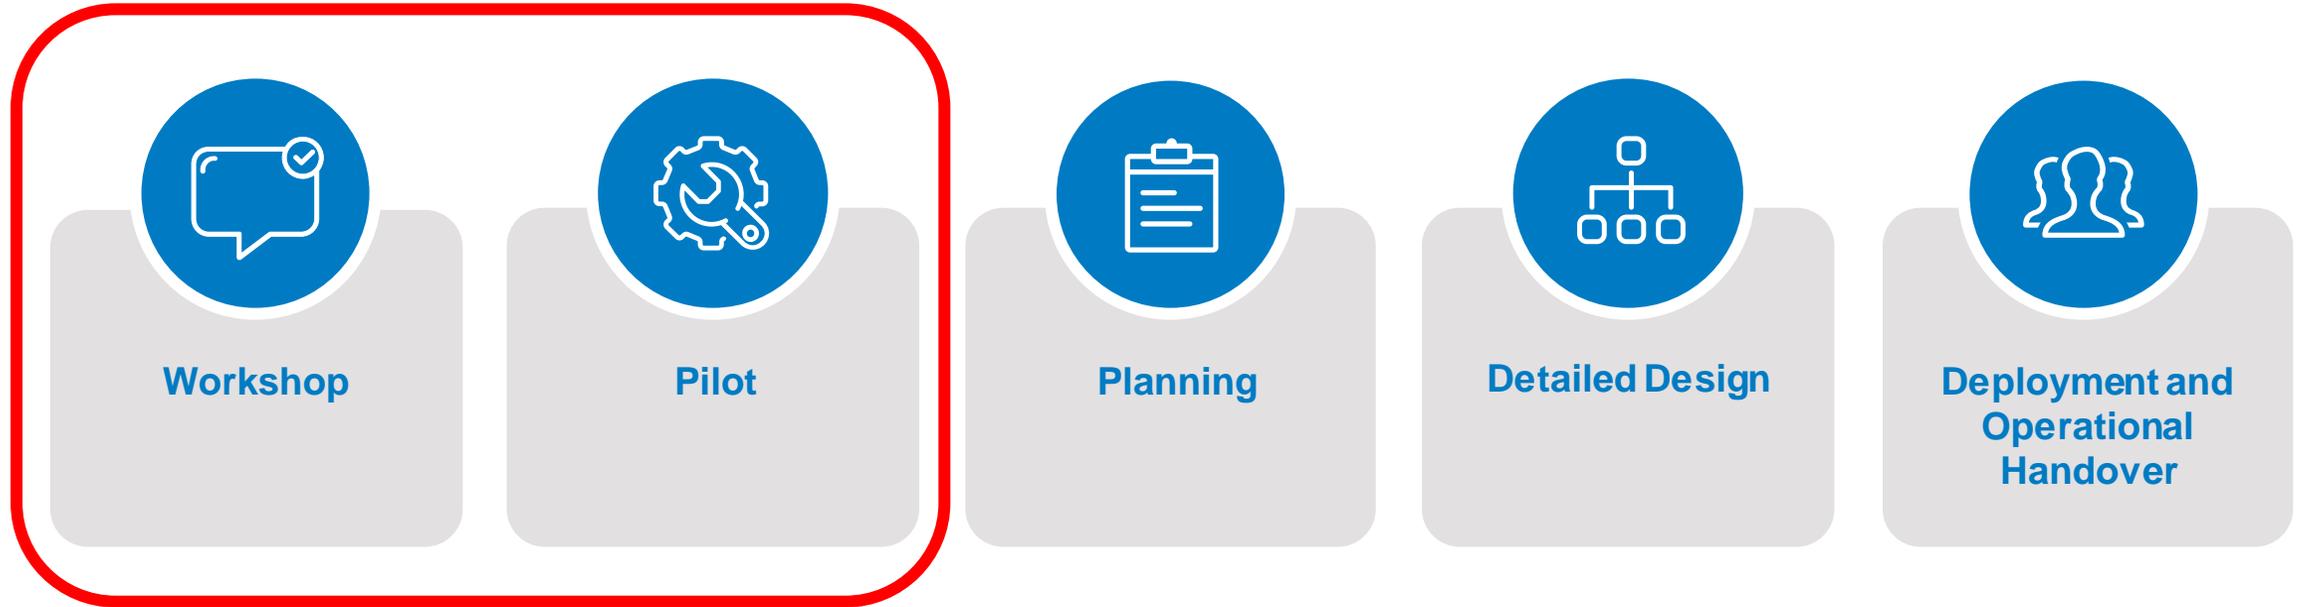

# Teams Calling Launchpad with Data#3

Our Teams Calling Launchpad helps you to accelerate your journey to a cloud-solution for telephony.

As part of this engagement Data#3 will deploy Teams Calling for up to 25 users in your M365 environment ready for testing by your staff.

# Taking you through every step of the journey

A managed service available 24/7  
Device as a Service option to move to an opex model

# Teams Calling Launchpad Outcomes

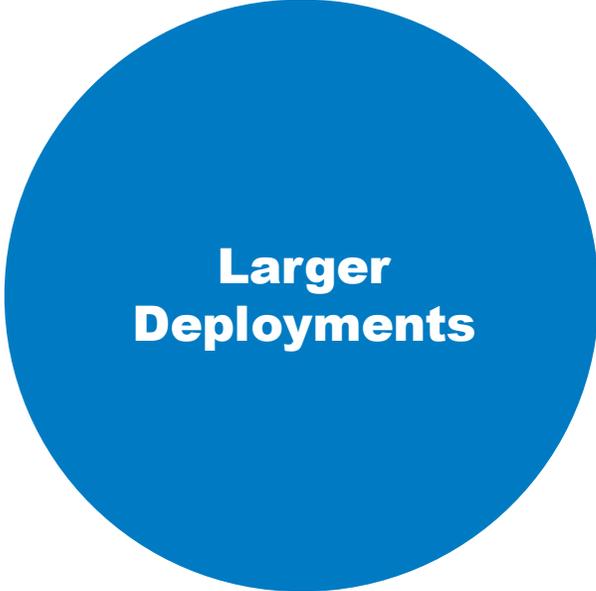

- ✓ Planning and Art of the Possible Workshop
- ✓ Overview and discussion of Teams Calling, licensing, network requirements and PSTN connectivity
- ✓ Up to 25 pilot users provisioned with their own Teams Calling solution
- ✓ PSTN connectivity enabled
- ✓ Configuration of an Auto Attendant and Call Queue
- ✓ Remote Support

# Duration of engagement

**Standardised  
Teams Calling  
Pilot**

- ✓ A two-three week engagement including workshop and pilot configuration

**Larger  
Deployments**

- ✓ We suggest a customised solution to ensure all of your requirements are met and complicated scenarios are considered.
