Hybrid Work with
Modern Meeting Rooms

Over 70% of workers want flexible remote work options to continue[1]

With workplaces in the midst of a transition back to physical offices, the future of work will likely be defined by a hybrid mix of online and traditional working environments. Microsoft Teams Rooms is becoming a popular option for turning the humble meeting room into a video-enabled collaboration space. As you encourage staff to return you need to provide the one-click join experience everyone has enjoyed at home to the office meeting room.

Are you struggling with:

- Inconsistent user experience for staff across devices, phones and meeting rooms?
- Staff retention and talent drain due to a lack of hybrid work flexibility?
- Legacy meeting room equipment that doesn't integrate with Microsoft Teams?
- Maintaining the pandemic productivity increase when moving back to office spaces?
- User satisfaction with technology in a hybrid work arrangement?

You need the Hybrid Work with Modern Meeting Rooms Service

We have found that:

- Technical issues with meeting room equipment drains IT support time
- Legacy meeting room equipment doesn't integrate with Microsoft Teams
- Ad hoc fixes increase cost and do not increase productivity

Does your meeting room technology support hybrid work effectively?

We have found that:

- 70% of workers want flexible work arrangement to continue[1]
- 66% of business decision makers are considering redesigning spaces[1]
- Staff retention is negatively impacted by poor user experience[1]

Are your staff productive and connected in all locations?

We have found that:

- Staff lack a consistent and easy collaboration experience
- Users use multiple spaces, devices, phones and rooms to collaborate
- Technology satisfaction and adoption suffer due to poor user experience

Do you offer your staff a user friendly and modern collaboration experience?

Flexible work is here to stay

"Over the past year, no area has undergone more rapid transformation than the way we work. Employee expectations are changing, and we will need to define productivity much more broadly — inclusive of collaboration, learning, and wellbeing."

Satya Nadella, CEO at Microsoft

What is Hybrid Work with Modern Meeting Rooms?

The Hybrid Work with Modern Meeting Rooms service enables inclusive collaborate experiences using Microsoft Teams Meetings, Meeting Rooms and integrated devices.

Hybrid Work with
Modern Meeting Rooms

Flexible work is here to stay

- A truly simpler experience between office and remote worker

- Productive and effective collaboration by using more productivity tools

- Increased availability of meeting spaces and satisfied users

Decrease support cost and complexity

- No more wasted time troubleshooting technical issues

- Remove legacy support contracts and associated costs

- Unlock all functionality from Microsoft Teams

Increase employee experience and productivity

- No more wasted time due to issues at the start of during meeting

- One simplified meeting experience across spaces, devices or locations

- Modern seamless technology experiences for users

What to expect from the Hybrid Work with Modern Meeting Rooms service

The Meeting Rooms workshop is an evaluation of your current Meetings and Meeting Rooms capabilities. Our Microsoft specialists will take you through demonstrations and an immersive experience that will show and excite you with what you can achieve with Teams Meetings and Meeting rooms.

The workshop will uncover user cases and your priorities for collaboration. Based on the workshop we build a plan together, including how to deploy and adopt Microsoft Teams Meetings and Meeting Rooms within your organisation. The plan will include:

- Meeting use cases

- Devices and meeting room strategy

- Assessment of environment, site and network preparedness

- A deployment and adoption framework

The workshop findings will be presented in a customised report with actionable recommendations to ensure your staff can stay connected, collaborate seamlessly, and simplify work, in a secure and compliant way.

The service can be extended with an optional Meeting Rooms Proof of Concept (POC) which includes the setup of one or multiple rooms as a POC at the end of the assessment.

Why Data#3?

Today, we are Microsoft's largest Australian business partner with the highest level of competency across the Microsoft ecosystem. Our hundreds of accredited consultants are ready to help; from enhancing productivity and collaboration with Microsoft 365, Meeting Rooms and the latest Surface devices, to transforming business processes with Dynamics 365, to ensuring our customers get the most value from Azure cloud. Our scale and expertise enable our unparalleled support to customers selecting, deploying, managing and securing Microsoft applications, products and devices.
