

Take control of online distribution and grow sales

Access data with our **artificial intelligence backed solutions**

Grey Market Monitoring

1 Understand the extent of grey market exposure in respect to your top competitors, identify grey market feeders, and devise effective counter-strategies to curb the parallel distribution.

Pre-owned Market Monitoring

2 Capture a global overview of the online pre-owned market. Identify trends impacting the positioning, pricing, and partnership strategies to unlock hidden areas of opportunity.

Competitive Intelligence

3 Determine your competitors' standing and moves. Gain a clear picture of your brand's online visibility to help you climb the competitive ladder
