

Microsoft Teams

One platform for everyone.

Teams Interface with Default Features

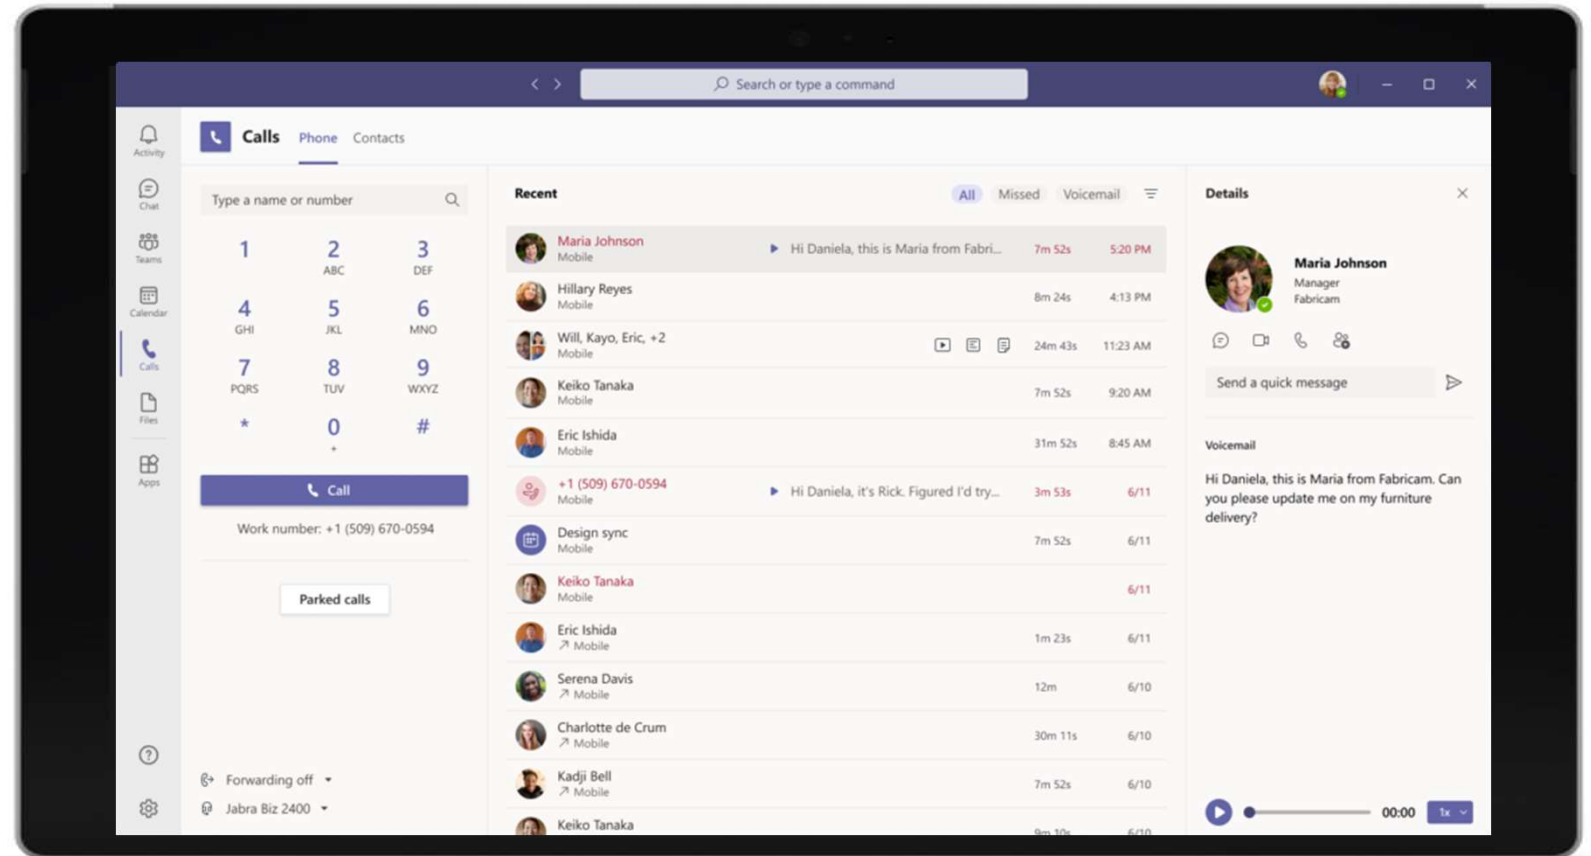

Microsoft Teams Meetings

*Conduct online meetings
with up to 10,000 people
with an easy interface.*

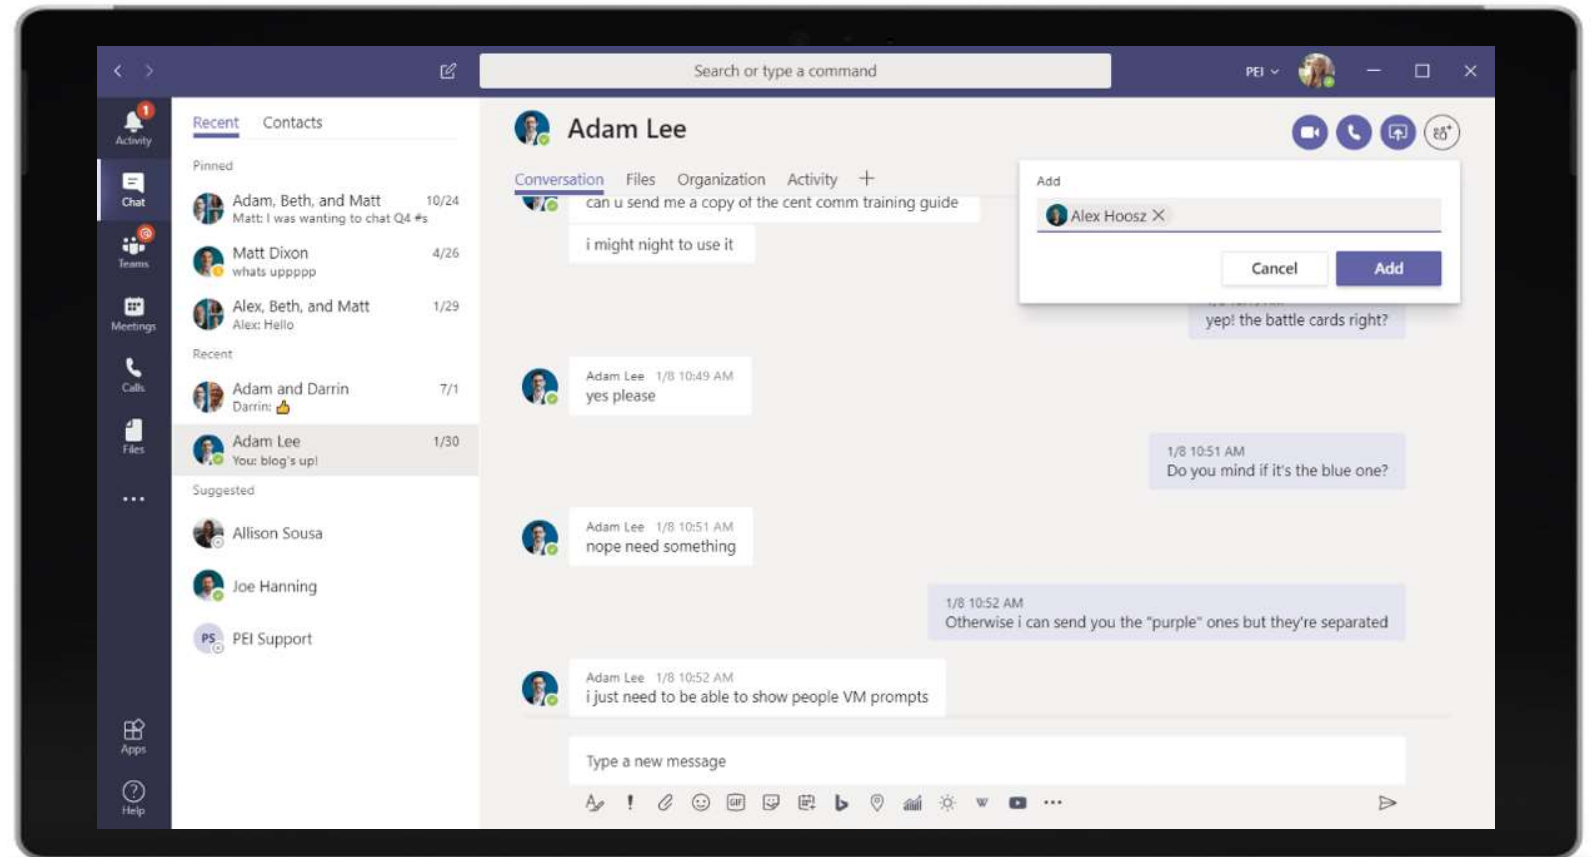

Microsoft Teams Calls

Make calls from any point where you have an internet connection, leave a voice message if you wish.

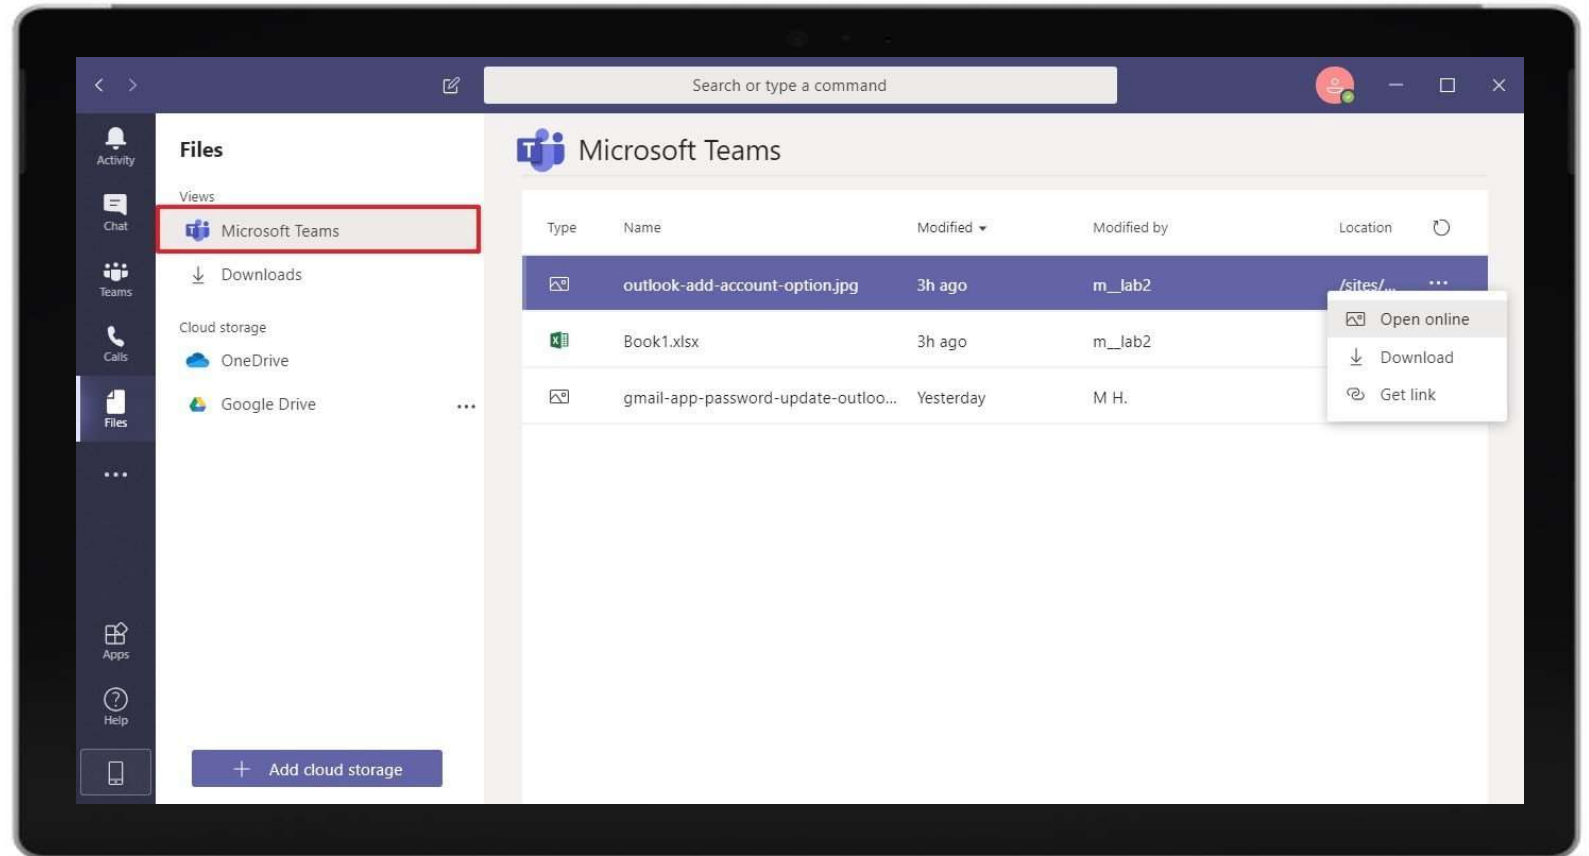

Microsoft Teams Instant Messaging

Conduct 1:1 or group messaging with your colleagues.

Microsoft Teams Common File Space

Transfer files with your teammates. Use your personal OneDrive in Teams.

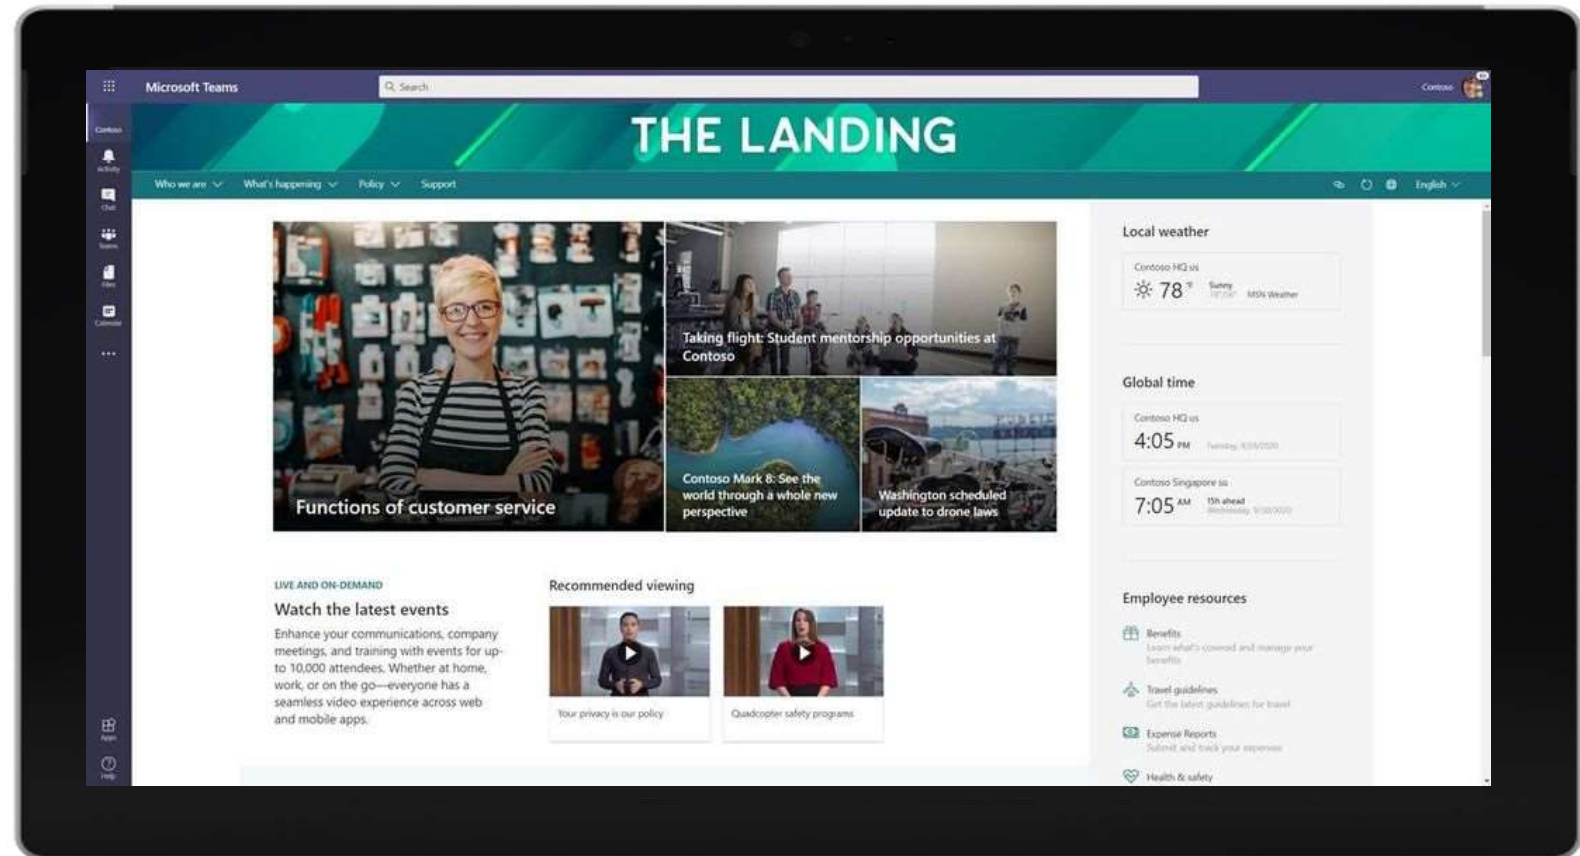

Common Applications on Teams Side Bar

The intranet is now in Microsoft Teams.

It is possible to access the company intranet without leaving the Teams screen. In this way, users can easily access in-house content and documents without switching between screens.

Teams allows you to quickly increase adoption by 40%.

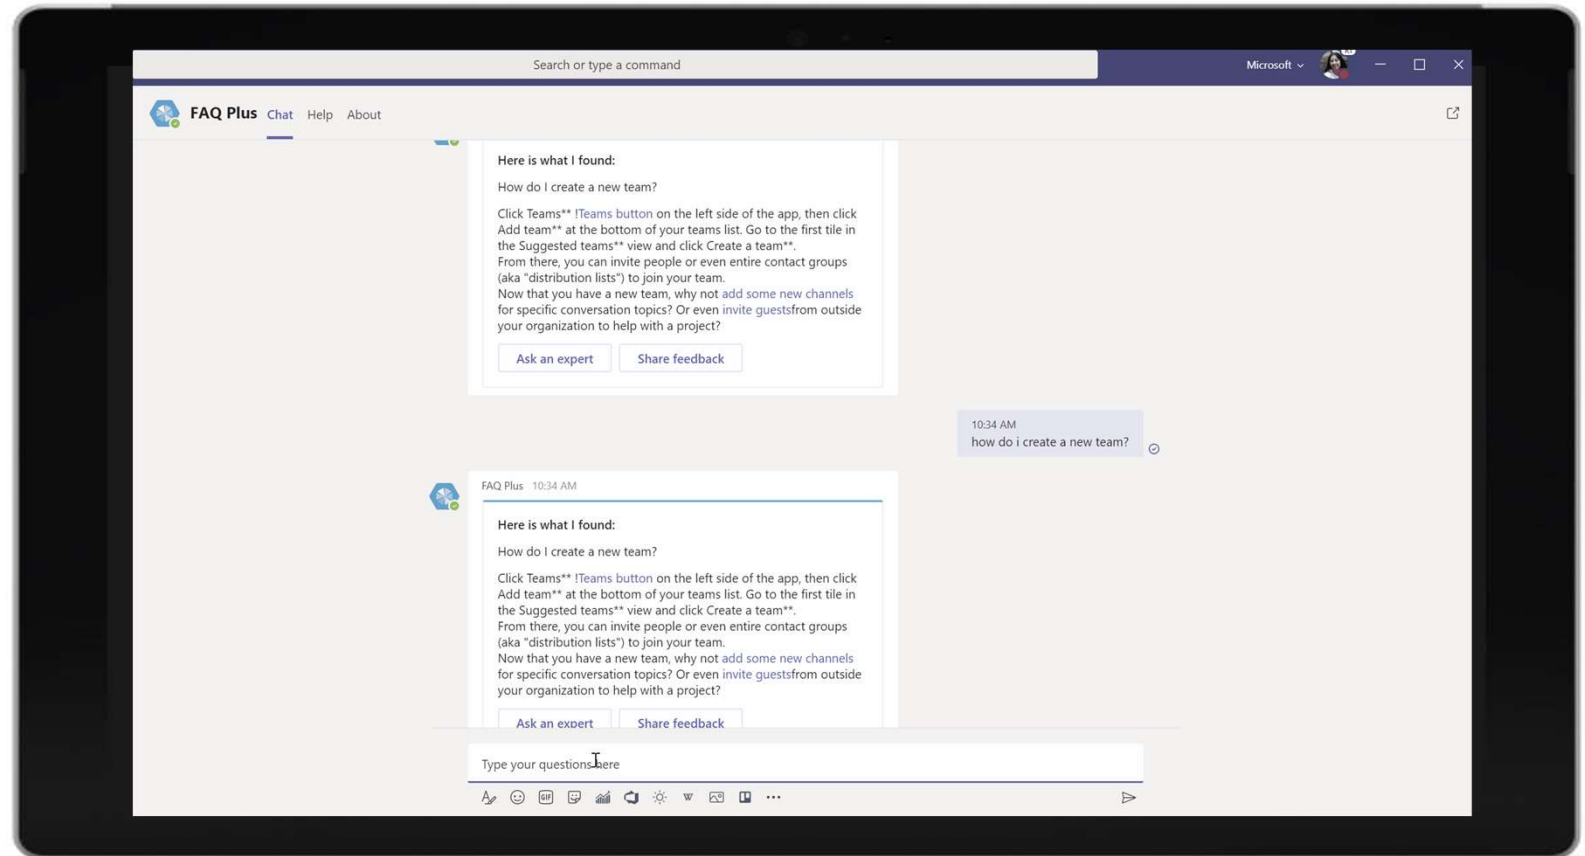

Let Chat Bot Answer Frequently Asked Questions for You

Teams Chat Bot

Direct questions from Human Resources, Information Technologies or different business units to your virtual colleague.

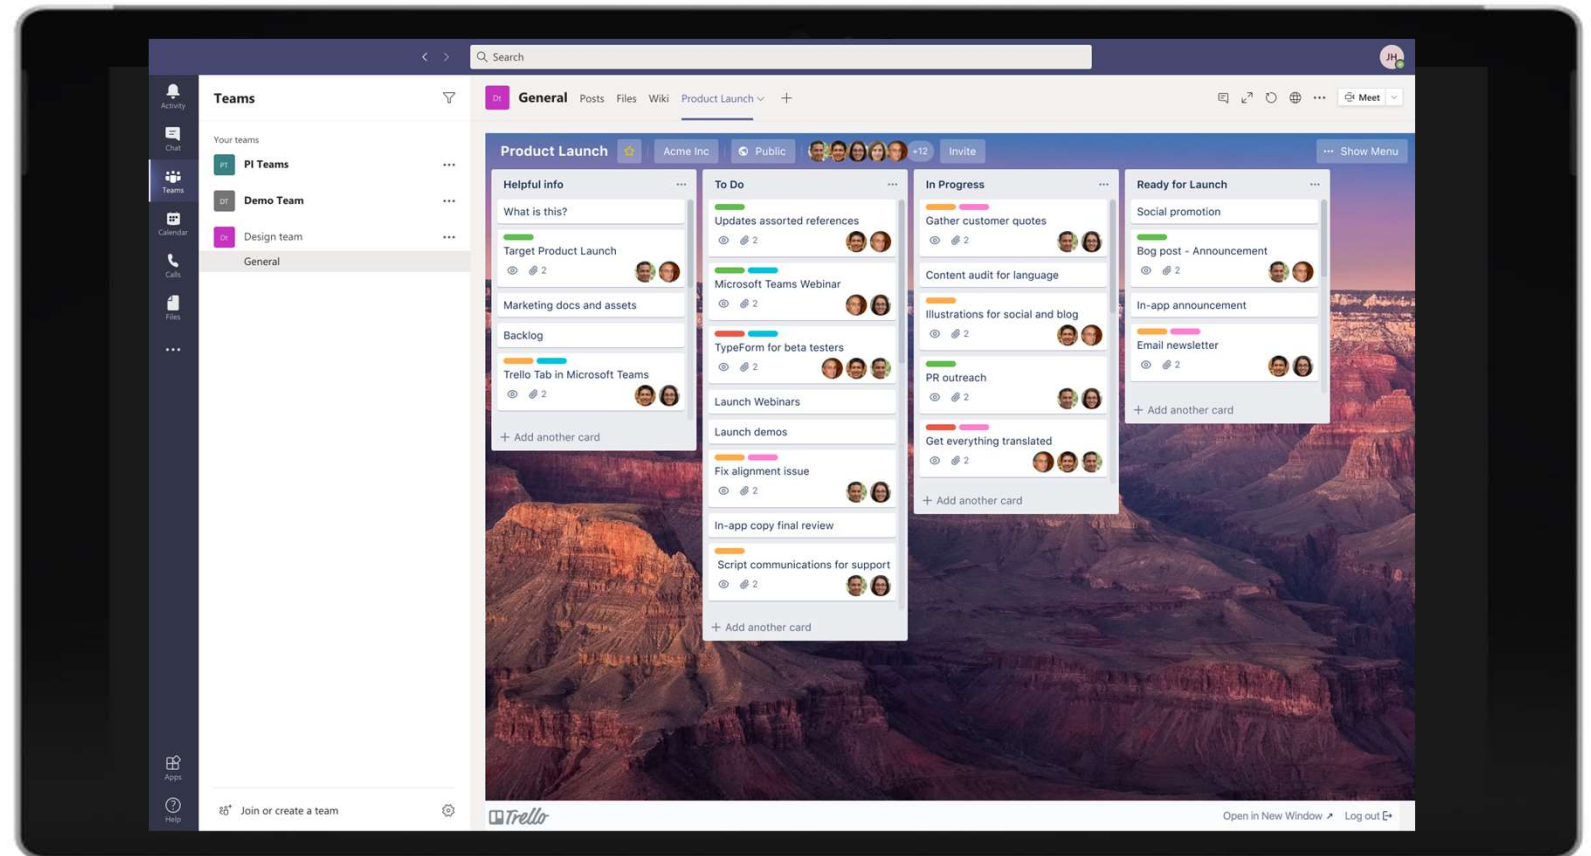

More than 81,000 blocked tickets
\$4M save

Access supported 3rd Party Apps through Teams

3rd Party Pin App

You can pin the apps you want to make easy for users to access on the side bar.

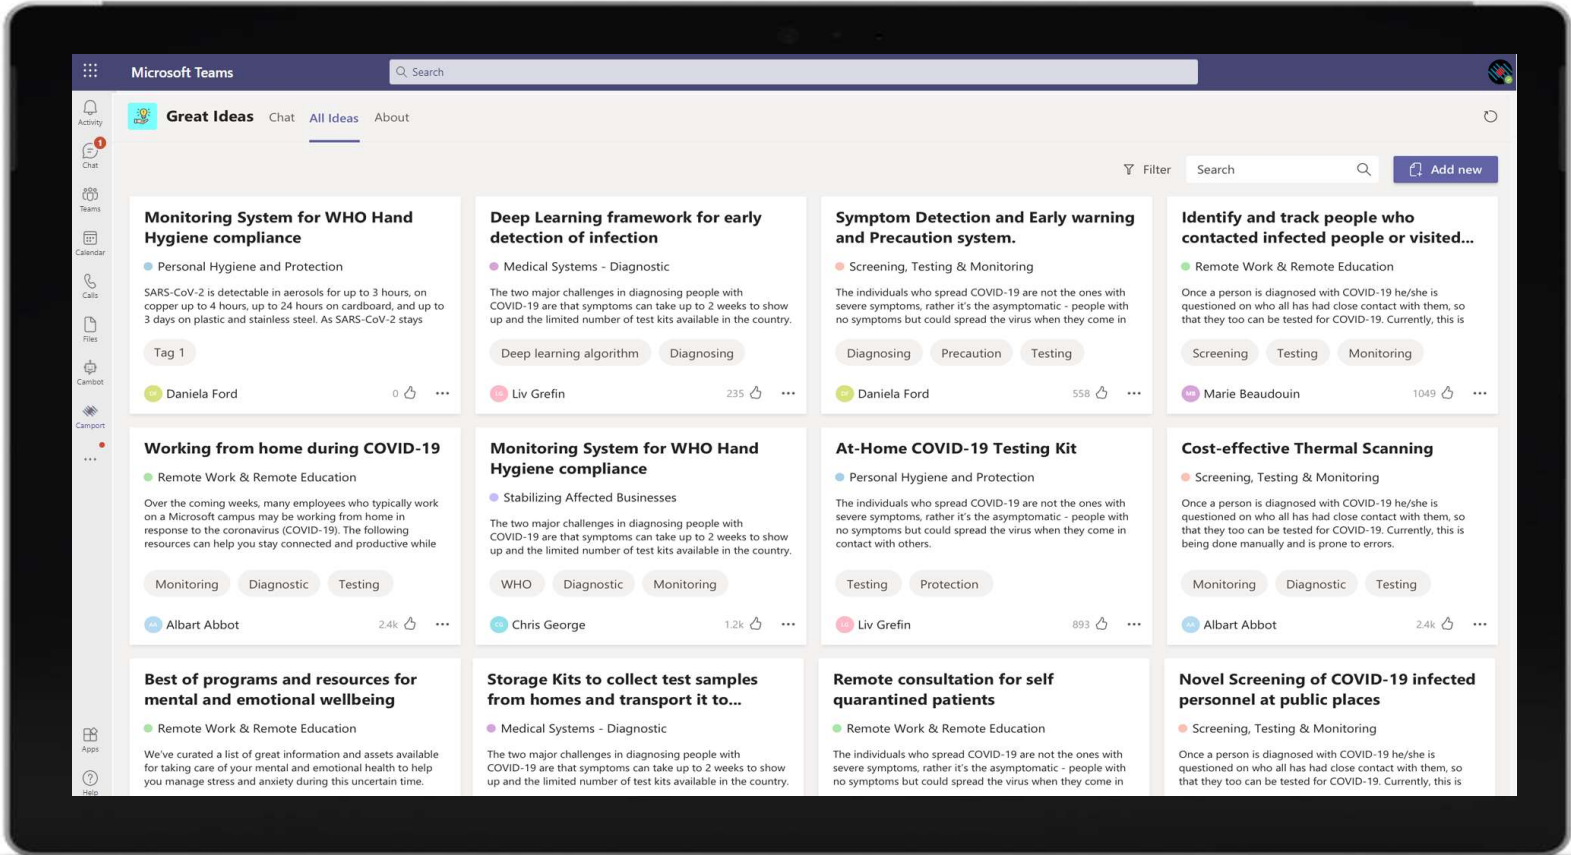

Innovation with Teams

Your Ideas Are Valuable to Your Company

Great Ideas

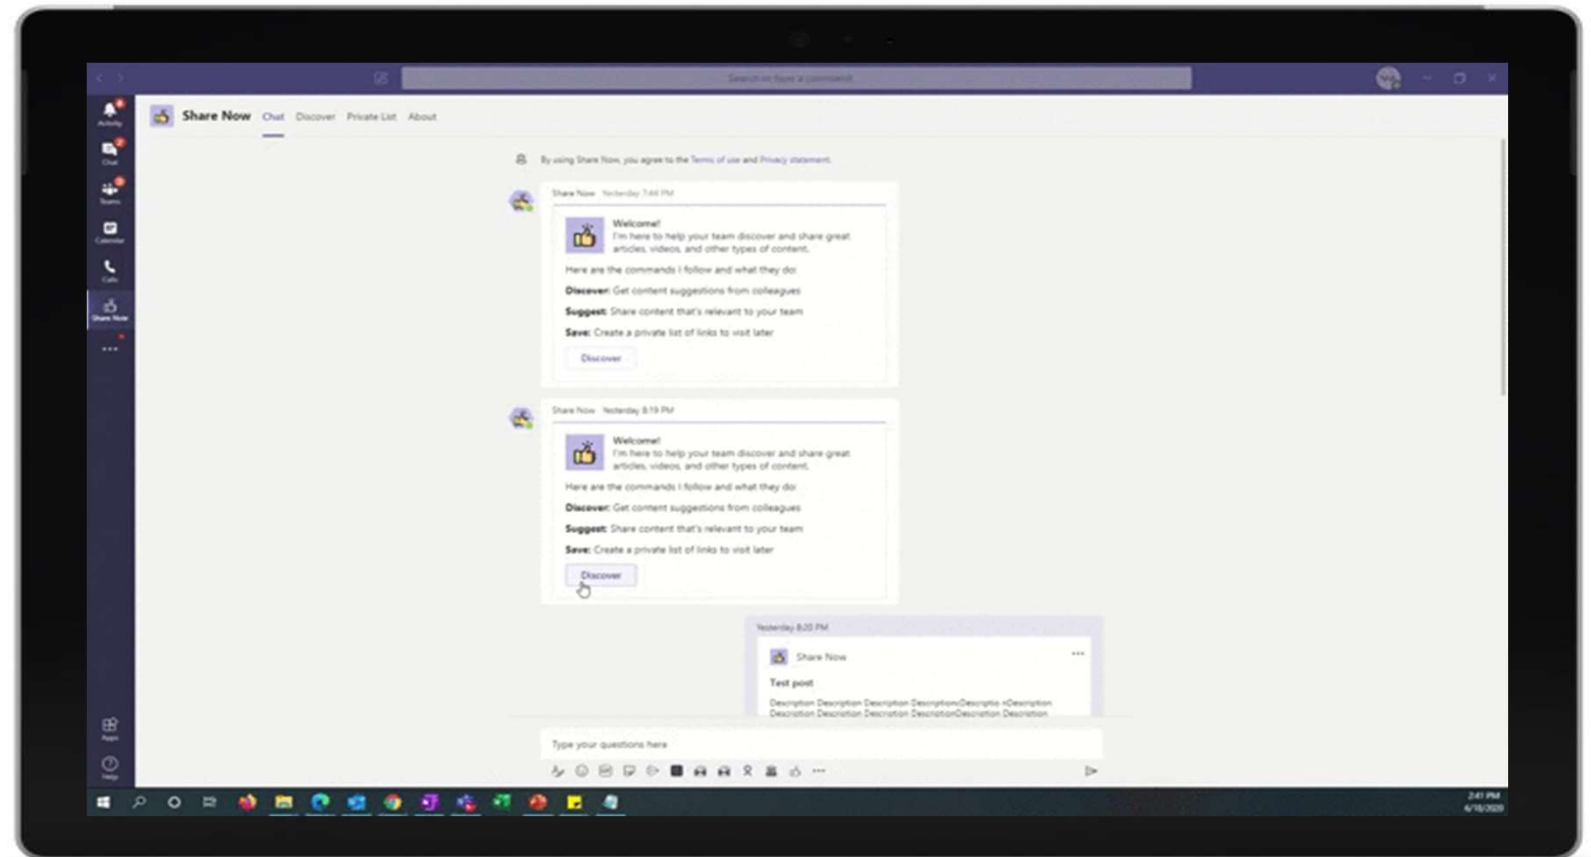

Share your ideas about your company with Great Ideas, and the ideas with the highest votes will be evaluated by Human Resources.

Share your knowledge with your teammates through Teams

Share Now

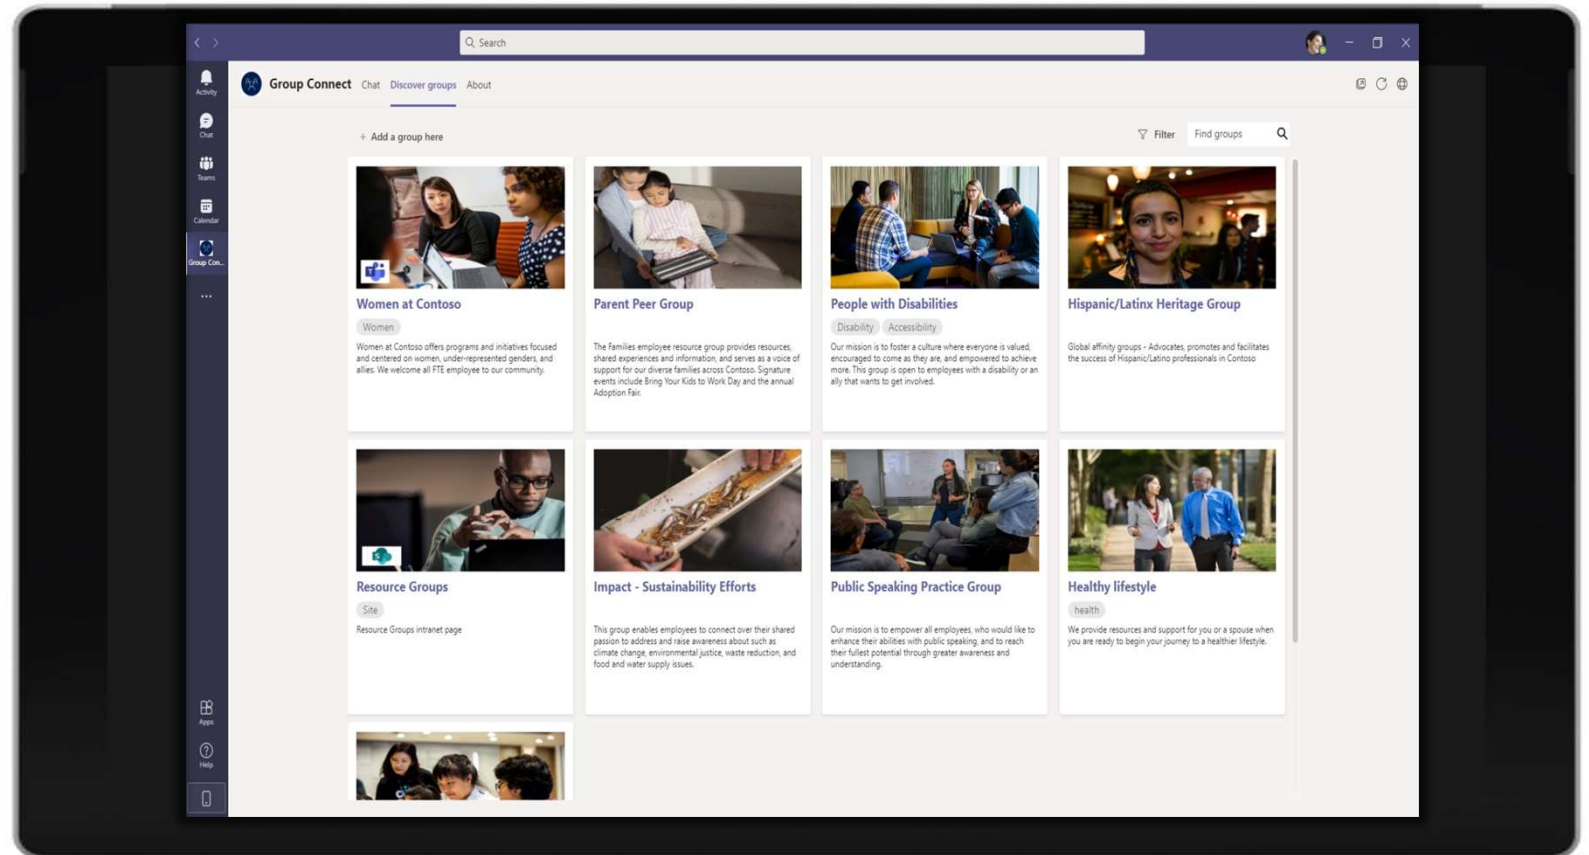

Share your knowledge with your teammates. Your posts can be your team's corporate memory. In this way, you can create a competitive environment based on learning.

Bring Groups Together with Teams

Group Connect

For employees who spend most of their workday communicating and collaborating in Teams, you can easily connect with other employees with similar interests.

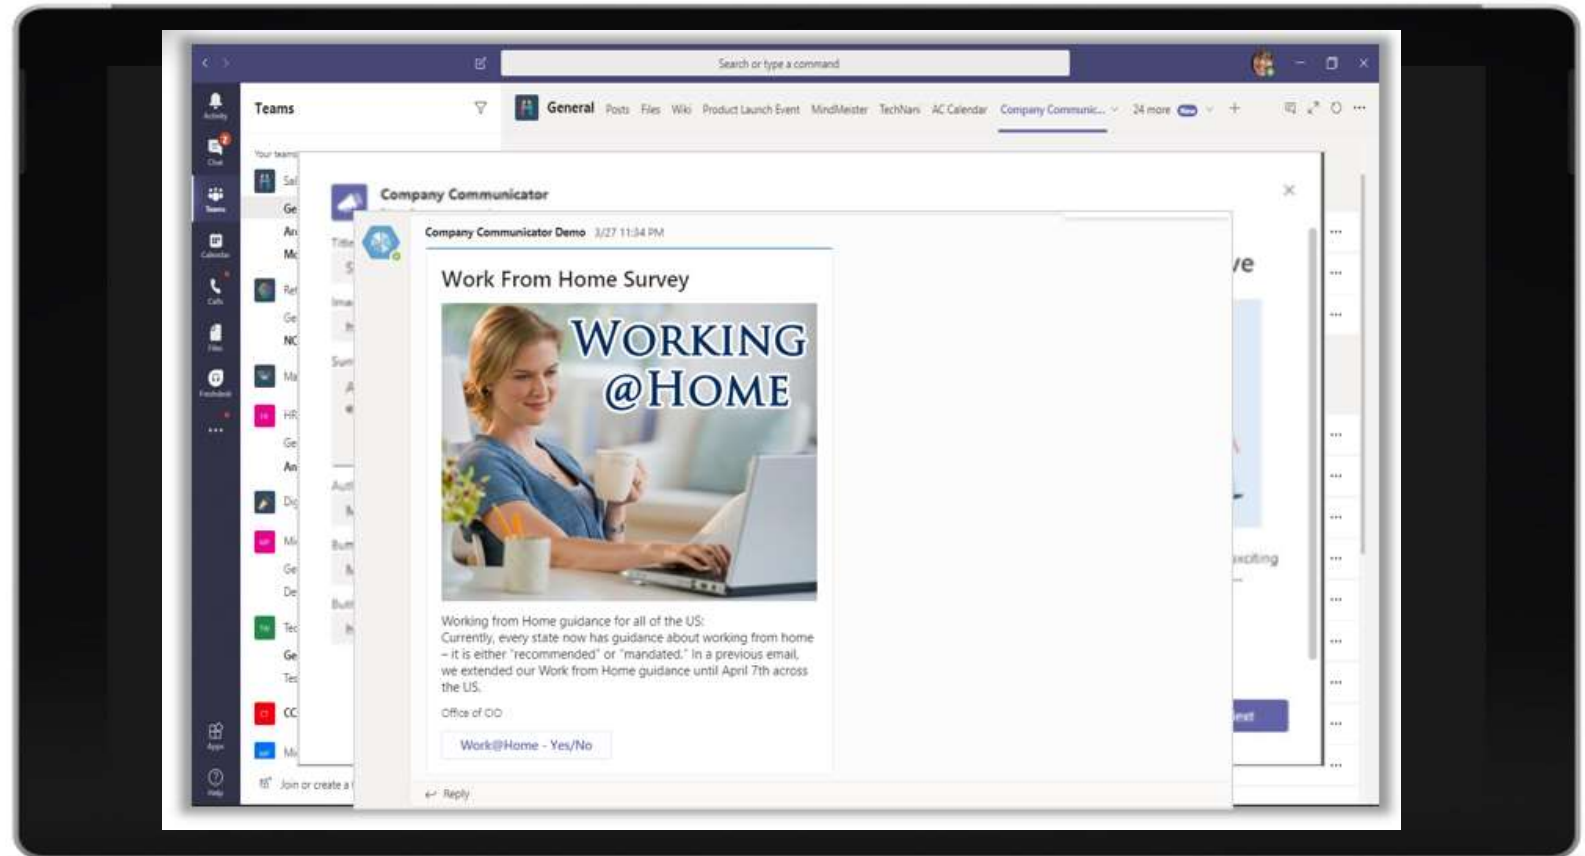

Corporate Communication and Collaboration

On-premises
announcements
are now in
Teams.

Company Communicator
*With the Teams app, you
can easily make
announcements to a Teams
team, channel, users within
a team, or any employee.*

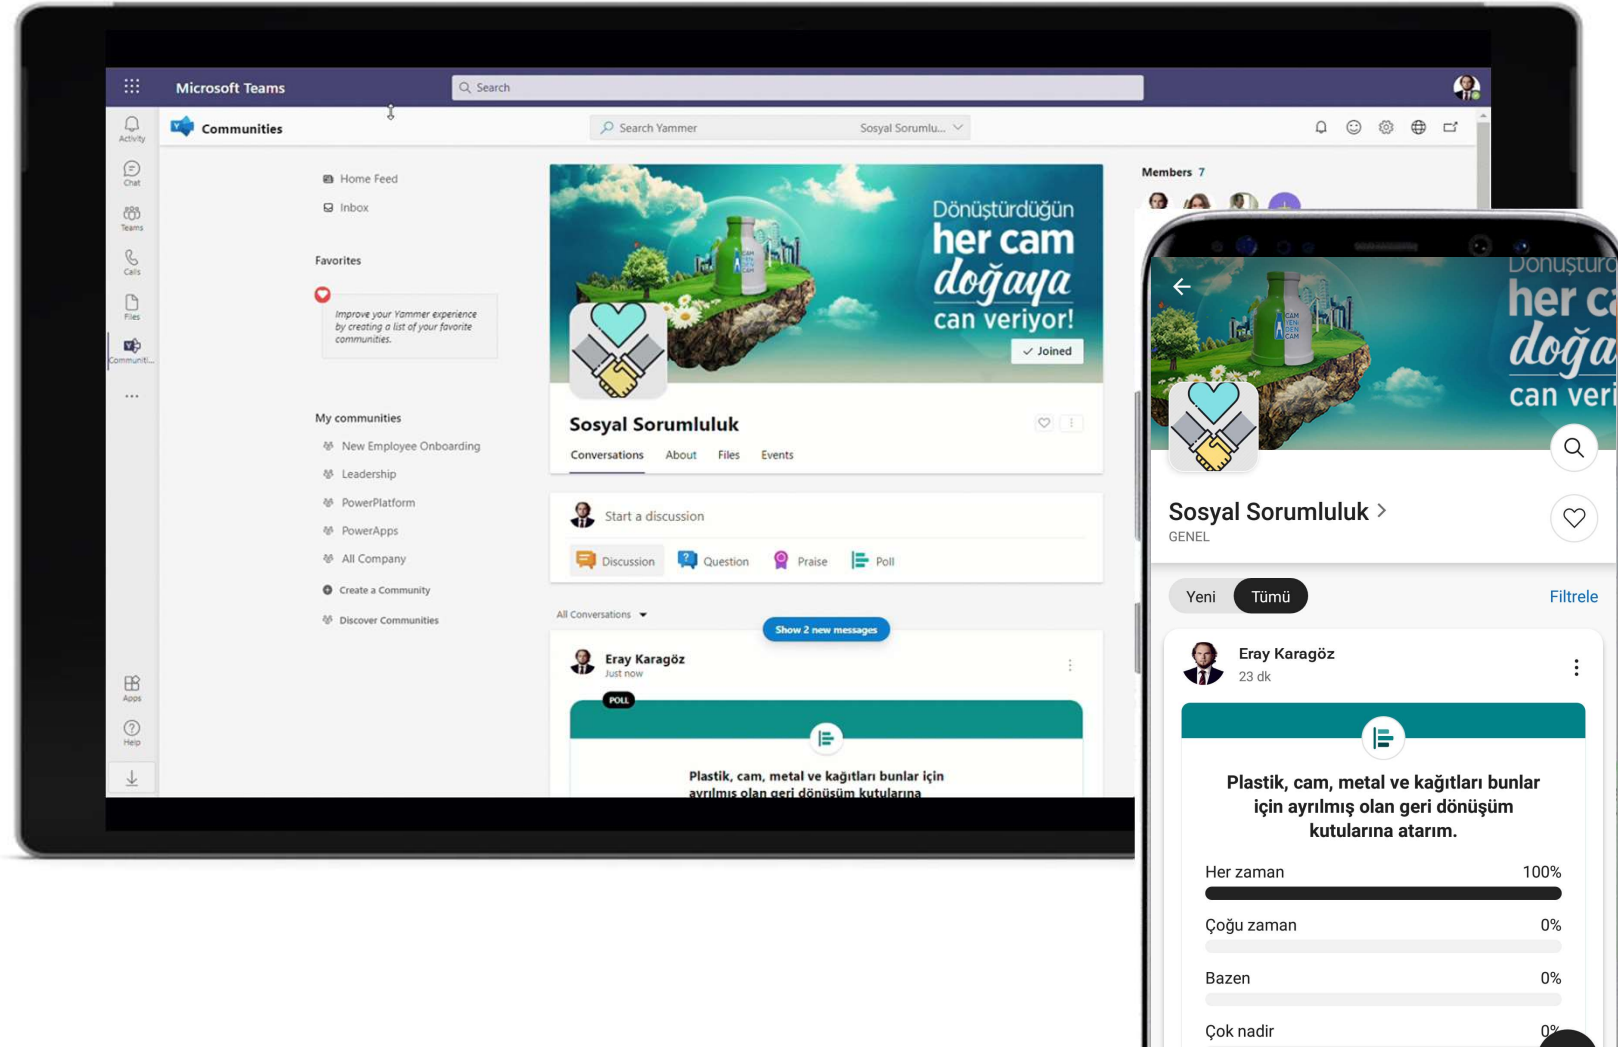

Targeted contact click-through rate
increased from 3% to 22%.

On the social media platform Teams

Communities

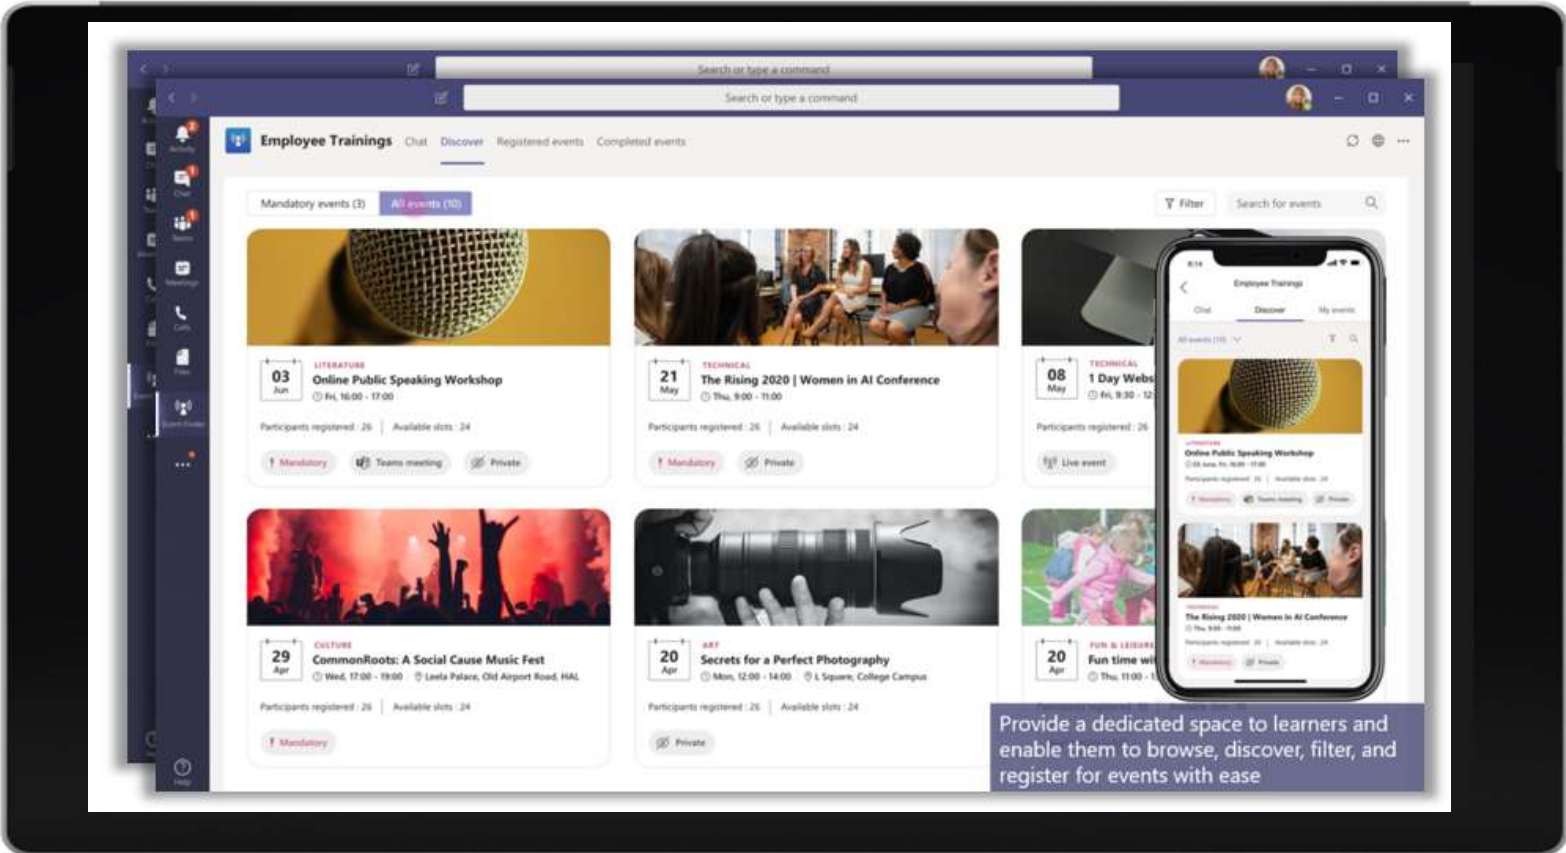

Create news, shares and announcements with Communities, Microsoft's enterprise Facebook. Enjoy in-house social media with comments and likes.

Track company events in Teams

Employee Training

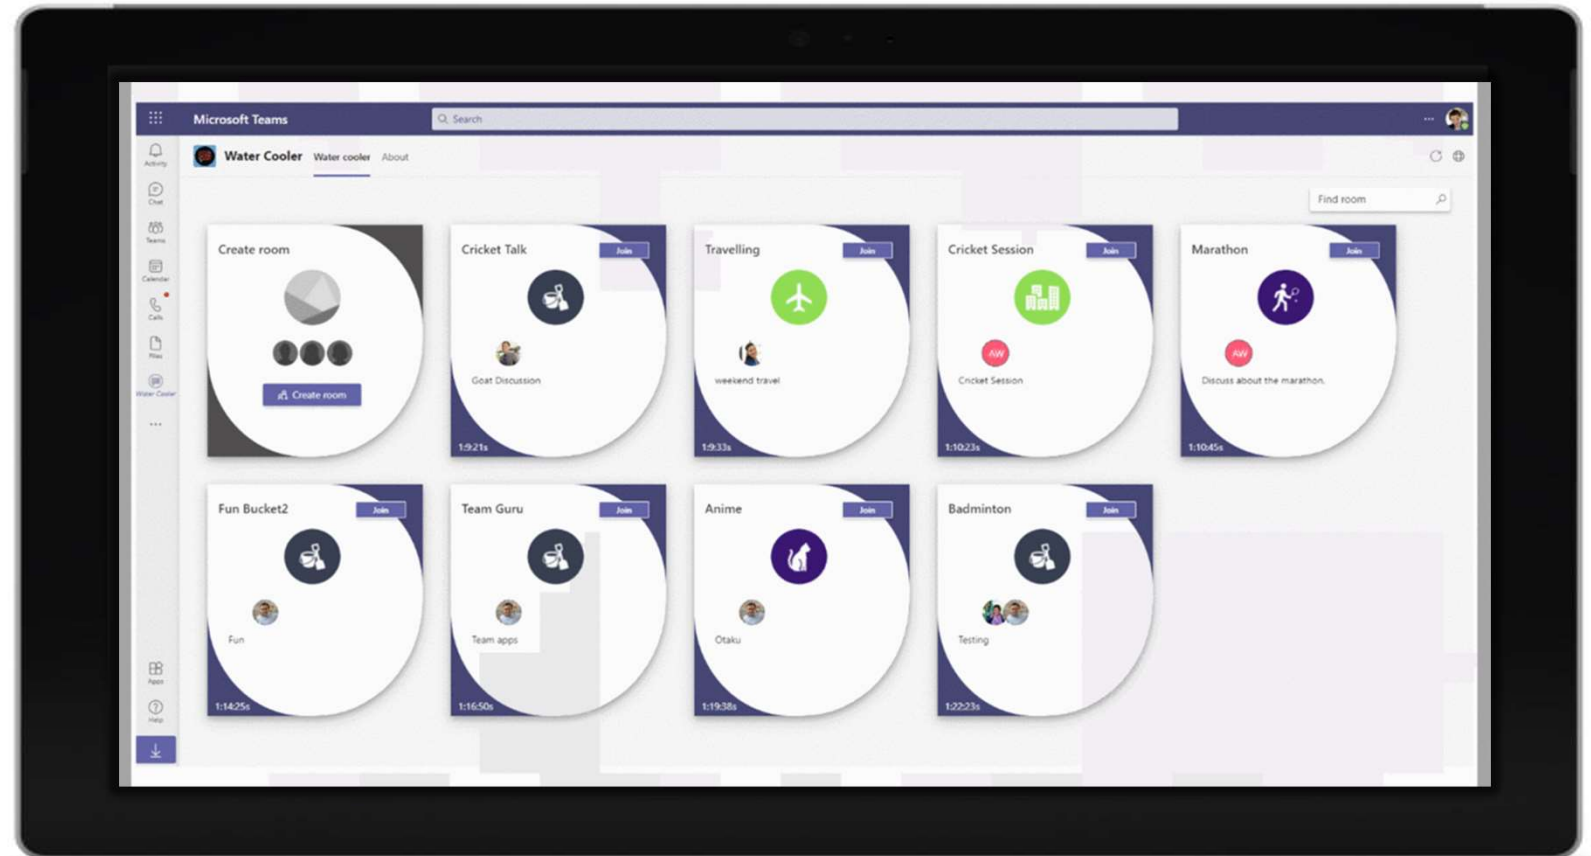

Track your organization's upcoming events such as training, live broadcasts, meetings, and workshops through Teams with a single interface.

Clubhouse Experience in Teams

Water Cooler

You can create break rooms where you can discuss non-work conversations. You can increase interaction between those who do not have the opportunity to socialize during breaks.

Viva Manager Insights / Data-driven analytics

Explore areas that can lead to burnout and stress for your team

Overcome challenges with best practices and supportive research

The graphic features a white envelope icon on a green background with a red circle containing the number '842'. The text reads: 'Protecting company culture means having rules for email'. Below the graphic, there is a section titled 'After-hours work overloads employees and hurts bottom lines. To change workplace culture, leaders and managers' followed by a paragraph of text.

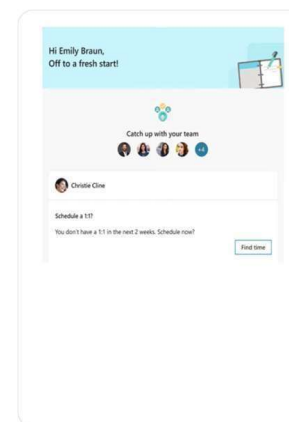

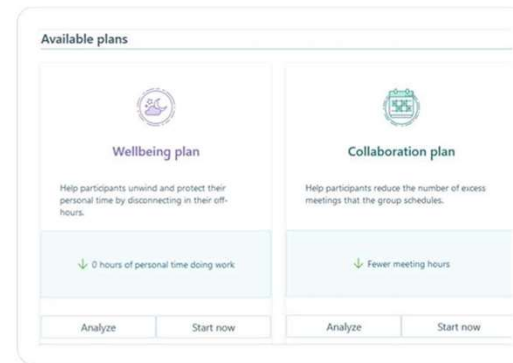

The screenshot shows the Viva Insights dashboard with a search bar at the top. The main content area is titled 'Help your team unplug from work at the end of the day'. Below this is a section titled 'Best practices for your team to adopt' with a sub-header 'Encourage your team to...'. There are three bullet points: '1. Turn off notifications on your devices to maintain control of your attention', '2. Set boundaries and decline meetings scheduled after hours', and '3. Set your priorities early to gain clarity on what deserves your attention'. At the bottom, there is a section for 'Email overload'.
