

Microsoft Azure Migration Readiness Assessment

HIGHLIGHTS

- **Azure Migration Essentials:** An interactive in-depth presentation on Azure basics and migration strategies, tailored to align with your business goals.
- **Effective Cost Modeling:** Leverage Azure Migrate to create financial projections and identify cost-effective solutions.
- **Comprehensive Application Review:** Dive deep into your application portfolio with a thorough review to uncover potential challenges.
- **Detailed Cost Profiles:** Get up to three detailed cost profiles, offering clear and customized insights into the financial impact of migrating to Azure.

ABOUT DAYMARK

Daymark Solutions excels in creating sophisticated technology solutions, specializing in addressing complex business challenges through expertly designed systems. Their highly skilled architects are adept at crafting well-architected solutions that seamlessly integrate cloud and data center technologies. By combining these technologies, they create robust, scalable and secure systems tailored to meet their clients' unique needs.

Assess your resources to determine readiness for a migration to Microsoft Azure.

OVERVIEW

Migrating workloads to Azure presents unique challenge, requiring careful resource planning and cost analysis. Daymark Solutions provides expert-led assessments to identify the Azure resources needed for your workloads and delivers a detailed cost analysis with actionable recommendations for a smooth migration.

Get a comprehensive evaluation of your planned Azure Lift and Shift migration, covering scope, projected costs, and financial impact. Leveraging insights from Azure Migrate, you'll receive a detailed cost analysis and expert guidance on cost management, monitoring, and forecasting. You'll learn how to optimize your Azure expenses with strategies like Reservations and Savings Plans for effective cost control. To accurately anticipate expenses, our assessment equips you with budgeting tools to estimate and manage Azure implementation costs, ensuring your migration strategy is financially sound.

OUTCOMES

Assessment participants will:

- Understand Azure costs by learning key considerations for Lift-and-Shift migrations.
- Differentiate between metered, monthly, and hourly costs.
- Optimize resources in a landing zone for effective cost monitoring.
- Implement strategies to effectively track, manage and control Azure costs.

AGENDA

Workstream 1: Workload Review & Discovery

- **Objective:** Provide an overview of Azure costs and cost management, followed by a discovery session to define workload requirements.
- **Activities:**
 - Introduction to Azure cost structures and variables.
 - Overview of Azure Reservations, Savings Plans, and advanced cost strategies.
 - Corporate cloud strategy discussion.
 - Interactive overview of Azure Lift and Shift applications.
 - Azure Migrate installation for on-premise analysis.
 - Creation of multiple hardware sizing profiles for Azure Migrate analysis.
 - Research on application, network, and security requirements, including base cost calculations.

Workstream 2: Cost Estimate Delivery

- **Objective:** Deliver and finalize cost estimates, assumptions, and recommendations for the Azure migration.
- **Activities:**
 - Present comprehensive cost estimates for the migration.
 - Provide final recommendations for budget optimization and alignment with objectives.
 - Address any cost-related queries.
 - Recommend actionable next steps based on assessment results.
