

Interfaces, evolved.

# D-ID Agents: A new era of digital interaction

Step into the future of interactive communication with D-ID Agents. Agents represents the pinnacle of Customer Experience (CX) excellence. Agents are thoroughly trained and equipped to interact with clients at any phase, anytime, without the need for recruitment, onboarding, or performance evaluations. Its goal is to deliver unparalleled customer service, around-the-clock and across the globe.

## NUI Agents

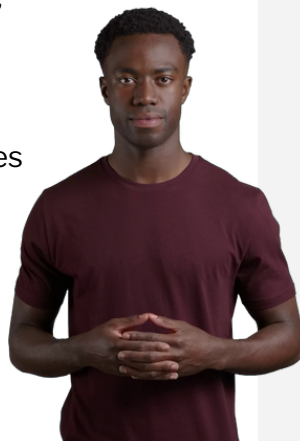

### Why are we different?

Transform your business with D-ID Agents across diverse domains: enhance **Customer Experience** with 24/7 digital support; revolutionize **Marketing** with interactive avatar-led campaigns; boost **Sales** through engaging product demos and customer guidance; innovate **Learning & Development** with interactive AI tutors; and enrich **Hospitality, Healthcare, Retail, and Real Estate services** with personalized, efficient AI assistance. These Agents are not just tools, but partners in elevating your brand's interaction and engagement at every touchpoint.

## Create an Agent in Minutes

- **Face** - Choose from pre-made HQ avatars, upload your own picture, or use AI to generate the avatar you wish to use
- **Voice** - Pick your avatar's voice and tone using D-ID's extensive library, upload voices from ElevenLabs, or instantly clone your own voice
- **Personality** - Dictate how your agent will behave and interact with your users
- **Brain** - Provide it with your customized knowledge base to enhance the Agent's accuracy in answering questions

## Solutions

### Customer Experience

Customize and improve customer services with digital humans who can interact in a more human and engaging way, while maintaining efficiency and consistency.

### Sales and Marketing

Seamlessly embed digital humans into your website to relay product and service information that converts.

### Learning and Development

Train Agents to be available 24/7 for e-learning, onboarding, internal communications and more.

## Benefits

- **Easy Customization:** Agents is available as a turnkey solution or fully customizable for enterprises
- **Task Completion:** Agents can perform tasks like reserving plane tickets, setting appointments, etc.
- **Seamless Integration:** Embed on any website or share a link to D-ID's Studio.
- **Cutting-edge Technology:** Powered by advanced LLM, NLP, and RAG for accurate, customized, and up-to-date responses.
- **Comprehensive Analytics:** Gain valuable data insights from every interaction
