Microsoft Partner

# We can help you adjust your D365 Commerce to local European markets

## About Local Fiscal Requiremens:

We are a team of certified Dynamics 365 and AX experts delivering seamless implementations and integrations. Our functional and technical architects, consultants, and developers ensure compliance, efficiency, and customer success.

## What we offer

We provide end-to-end support for fiscalization on European markets within Dynamics 365 Commerce. Using Microsoft's ready-to-use integrations and our own custom connectors, we ensure smooth fiscal printer integration and local compliance. Our services cover POS configuration with both Microsoft standards and tailored customizations, enabling efficient, legally compliant retail operations. With extensive experience in Dynamics implementations, we guarantee a streamlined process supported by architects, consultants, and developers committed to high-quality service.
## What our customers are saying

Seamless fiscalization in Dynamics 365 Commerce with certified experts—leveraging Microsoft standards and custom solutions to ensure compliance, efficiency, and smooth POS operations.

# Inspired creativity, content, and experiences

## Know your customers

Successful retail starts and ends with the customer. It really is a simple value equation—no customers means no sales. Customers expect more today than they ever have before and these expectations are growing. In today's modern retail environment, customer obsession must be the number one priority. Truly knowing your customer starts with connecting your data sources and unlocking the power that lives within your customer data.

## Key stats:

How technology is impacting the retail industry

### 81%

81% of shoppers do online research before committing to a purchase.
Source: "81% of Online Shoppers Conduct Research Before Buying," Kimberlee Morrison, Adweek, 2014.

### 83%

83% of shoppers believe that they know more about a retailer's product than the store sales associate.
Source: "More than 80% of Shoppers Believe They're More Knowledgeable than Retail Store Associates," Tulip Retail, PR Newswire, 2017.

### 78%

78% said personally relevant content from brands increases their purchase intent.
