What is the Azure Immersion Workshop all about?

The Azure Immersion Workshop: Infrastructure Migration helps you understand what it takes to plan and execute a migration project, how to design and implement a landing zone and why landing zones are important for your own migration journey and much more.

Key Elements

- Learn how to confidently migrate on-premises infrastructure to Azure by actually doing it in a hands-on lab!
- Get actual guidance on people, process and governance aspects of a move to cloud project using frameworks like the Cloud Adoption Framework.
- Get interactive by working through whiteboard design sessions with your peers and the trainer.
- Take away key elements to be the driving force for your company in their Migration Journey to the Cloud.
