Azure Virtual Desktop

ABOUT Devoteam:

As a go-to Microsoft portfolio partner with over 1100 certifications, you can trust us to reach the highest heights of Azure performance, enterprise-wide, in a secure way. Embrace the value of working with a Microsoft Gold Partner with 16 gold competencies. Our 800+ Microsoft experts will guide you through unleashing the Cloud's untapped potential.

What we offer

Our Azure Virtual Desktop offer aims to ensure that you have a secure remote work solution that can deliver remote Applications and/or remote Desktops to your internal users or external partners and contractors. Access your Applications and Desktops from virtually anywhere. We can provide assistance in migration scenarios from other VDI solutions like Citrix or RDS to Azure Virtual Desktop.

Each Azure Virtual Desktop implementation is different in terms of complexity, scale, cost and duration. We provide you with clear deliverables in each scenario. Different scenarios are possible, depending on your needs. We will help you at each step of your cloud journey, from the Assessment stage up to the handover to your Operations teams.

Pricing depends on complexity and duration of the project.

Why Microsoft Azure?

Be future-ready

Continuous innovation from Microsoft supports your development today, and your product visions for tomorrow. With 1,000+ new capabilities in the past year, you can build on the latest advancements in AI, blockchain, Kubernetes, containers, and databases to keep you ahead of the curve.

Our enterprise grade analytics solution outperforms the competition, costs less, and is fully compatible with your existing development, BI, and data-science tools.

Operate hybrid seamlessly

On-premises, in the cloud, and at the edge—we'll meet you where you are. Integrate and manage your environments with tools and services designed for hybrid cloud. Enhance security, simplify access, and set smart policies across your different environments with a single-identity platform trusted by 90% of enterprises globally.

Build on your terms

You have choices. With a commitment to open source and support for all languages and frameworks, build and deploy how you want to. Take advantage of the full-featured, integrated development environments with built-in support Visual Studio and Visual Studio Code, the most popular IDEs trusted by 15M+ developers.

We embrace open source, drive innovation through collaboration, and contribute back to the community.

Trust your cloud

Get security from the ground up, backed by a team of experts, and proactive compliance trusted by enterprises, governments, and startups.

With a $1B+ investment in security R&D and 3,500 cybersecurity experts, security is foundational for Azure.
