Why switch to Microsoft Teams telephony?

The need for communication and collaboration has increased. Strengthen the collaborative culture and increase your team productivity using Microsoft Teams by adding telephony features.

Reduce costs

Reduce dependency on traditional PBX systems.

Easy management

Easily set up and manage your phone system in Microsoft 365.

Unlimited connection

Connect your phone system to the Microsoft global network.

Mobility

Call from anywhere, on any device.

Scalability

Easily add additional stations.

Integrated features

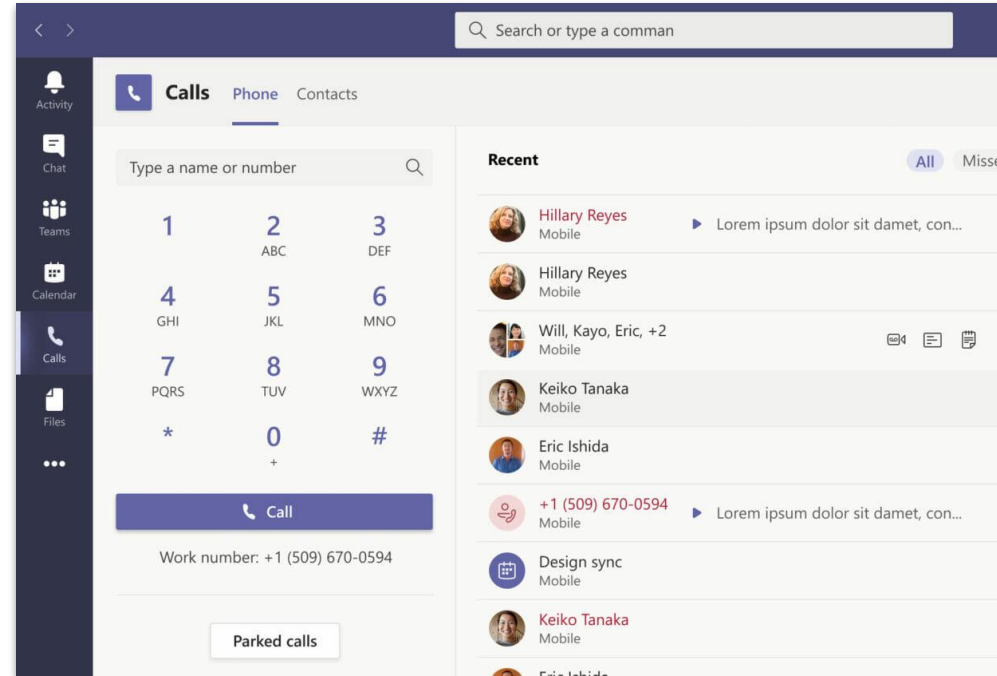

Simplify communications with an all-in-one solution.

Microsoft Teams Calling

Make and receive calls from and to any landline or mobile number directly in Teams.

Many features to make your daily life easier:

- Directory integration (Outlook)
- Call Transfert / Grouping
- Call history
- User status
- Simultaneous ringing
- Voicemail
- Recording
- Device Management Portal
- Etc.
