What is DiLytics Grant Insight Solution?

DiLytics Grant Insight Solution is a pre-built analytics solution that provides insights into various aspects of grant management that enable funding agencies to ensure that their granted funds are used effectively, efficiently and in compliance with grant requirements. It allows to:

- Analyze Awards Approved, Pending and Posted Amounts for Budget, Encumbrance and Actuals

- Get insight into Raw Cost and Burdened Cost for Account, Project and Task levels

- Get Visibility into Total Funding Amount, Direct Cost and Indirect Cost in Grant

Benefits

- Improved program outcomes by helping program managers evaluate the effectiveness of their grant programs using metrics such as cost effectiveness

- Increased accountability and transparency in the use of grant funds by providing information about how grant recipients are spending the funds and whether they are meeting the goals of the grant project

- Improved tracking of encumbrances, actual expenditures, and remaining grant balances
