What is DiLytics Property Management Insight Solution?

DiLytics Property Management Insight Solution is a pre-built analytics platform designed to provide deep insights into various aspects of property management. It enables property management teams to enhance operational efficiency, improve decision-making, and optimize their property portfolios. Key capabilities include:

- Analysis of Leases, Property Occupancy, and Rent Collection
- Visibility into Billing and Payment Trends for both Customers and Suppliers
- Enhanced Decision-Making through Real-Time Data and Insights
- Identification of Opportunities for Operational Improvements and Cost Savings

Process of Implementation

Benefits

- **Improve Financial Visibility:**
Gain insights into payments by location, purpose, and date to ensure transparency and optimize budget allocation.
- **Optimize Lease Management:**
Track lease execution, commencement, and termination to manage property portfolios effectively and reduce gaps in occupancy.
- **Enhance Payment and Supplier Management:**
Analyze payments by property, customer, and supplier to identify trends and opportunities for cost savings.
- **Improve Recovery Efforts:**
Leverage recovery agreement data to optimize recovery processes and increase efficiency in managing overdue payments.
