Procurement
Insight Solution

What is DiLytics Procurement Insight Solution?

DiLytics Procurement Insight Solution is a pre-built analytics solution that provides insights and foresights into various aspects of the procurement function to enable procurement teams save money, improve supplier relationships, and contribute to the organization's overall success. It allows:
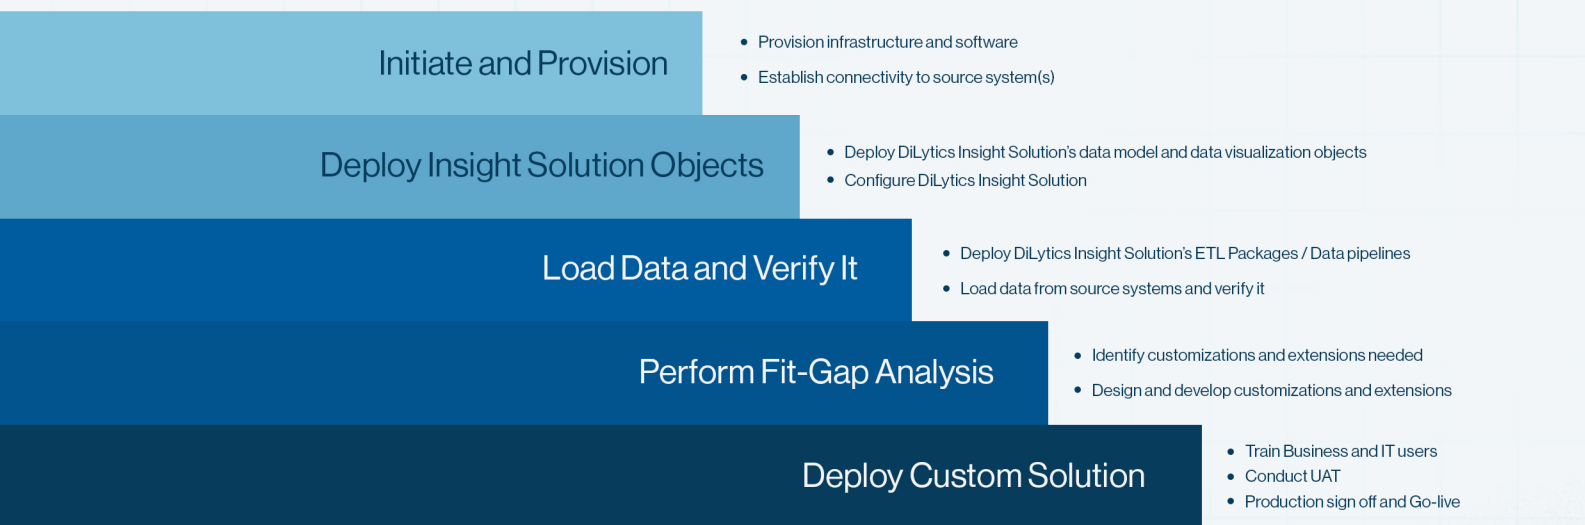

- Analysis of your Purchase Requisitions, Purchase Orders, Purchase Receipts and Supplier Delivery Quality

- Insights into Key Suppliers, Purchasing Process Efficiency and Procurement Performance

- Visibility into Savings Potential via Procurement Consolidation

- Identification of Purchase Price Variance

Benefits

- **Minimize wasteful spending:**
  Gain visibility into global spend and purchasing process efficiency

- **Maximize savings:**
  Rationalize and reduce supplier base; identify purchase price variance

- **Achieve negotiation leverage:**
  Gain insight into key suppliers; analyze purchase requisitions, purchase orders purchase receipts and supplier delivery quality

Purchase Requisitions	Purchase Orders	Savings Potential	Purchase Schedules	Procurement Performance
Overview	Overview	Requisition Savings	Overview	Overview
Requisition Trends	Supplier Trends	PO Savings	Trends	Requisitions
Requisition Details	Purchase Order Trends	Payment Savings	Details	Purchase Orders
Supplier Trends				Performance
				Tracking

Implementation Methodology

Initiate and Provision
- Provision infrastructure and software
- Establish connectivity to source system(s)

Deploy Insight Solution Objects
- Deploy DiLytics Insight Solution's data model and data visualization objects
- Configure DiLytics Insight Solution

Load Data and Verify It
- Deploy DiLytics Insight Solution's ETL Packages / Data pipelines
- Load data from source systems and verify it

Perform Fit-Gap Analysis
- Identify customizations and extensions needed
- Design and develop customizations and extensions

Deploy Custom Solution
- Train Business and IT users
- Conduct UAT
- Production sign off and Go-live
