

Power your Microsoft Teams Solution with **Think365 Cloud Voice**

Think365 Cloud Voice delivers the full Microsoft Teams phone and calling experience with a native Direct Routing Session Border Controller (SBC) and SIP, from the cloud. As a uniquely positioned Microsoft Gold Communications Partner, ThinkTel has the technical expertise to deliver managed planning and deployment to enable Microsoft Teams. ThinkTel, the business services division of Distributel, is among the longest operating and most experienced providers of SIP-based telecommunications services in Canada.

Microsoft Teams

Why choose ThinkTel as your Cloud Voice Partner to Power Microsoft Teams
