

About Us

Protect your Email, Protect your Business

Founded in 2012 by one of the primary authors of the DMARC specification, we pioneered the development of tools to protect your email domains from phishing, and we've been innovating ever since.

Why Choose Us?

- ✓ **Proudly Independent & Self-Funded**
As a customer-focused B Corp, we're not driven by short-term investor returns. Our dedication is to you, the customer.
- ✓ **Innovation at the Core**
We prioritize innovation, advocacy and education, working to make email and the internet safer and more trustworthy.
- ✓ **No Vendor Lock-In**
We don't provide hosted services, so you're not locked into a single provider. No critical path, just flexible solutions for your organization.
- ✓ **Comprehensive DMARC Management**
Gain a complete view of email authentication (DMARC, SPF, DKIM) with insights into email sending patterns, active threats and security improvements.

Features You Can Rely On

-  **Best-in-Class Source Categorization Engine**
Powering our platform with advanced threat detection and email authentication capabilities.
-  **Flexible Pricing**
Scalable solutions for organizations of all sizes, ensuring the best value for your needs.
-  **Seamless Integrations & API Access**
Easily integrate our tools into your existing systems.
-  **Consultative Support from World-Class Experts**
A platform that's easy to navigate, even if you're new to DMARC. Implement security protocols with ease.
-  **Global Presence & Regional Data Centers**
Compliance with data sovereignty regulations ensures your data stays where you need it.

Empowering Knowledge

- **Free Educational Resources**
Access to DMARC Academy and extensive support, ensuring you understand and deploy DMARC effectively.
- **Evolving Tools for Ongoing Security**
Our platform constantly adapts to emerging threats, helping you stay ahead of the curve.

Trusted by more than 50,000 domain owners worldwide.
