

# D-CARE

**D**ocument  
**C**apture  
**A**nd  
**R**etrieval  
**E**nvironment

Are you tired of waiting for documents to be retrieved from your online data archive?

Is your document archiving creaking under the volume of data needing to be stored?

Are you concerned that the documents you have stored are not properly secured?

Does your current document archive suffer from being inflexible and difficult to adapt?

This solution is appropriate for any organization that needs to store and retrieve large amounts of documents including:

- The Finance Industry
- The Transport & Logistics Industry
- Government and Public Sector.
- The Healthcare Industry

Once you have implemented D-CARE you will get a solution housed either in the cloud or on-premise, depending on your requirements, fully supported, fine tuned for optimal performance, secure and adapted to your way of working.

IF YOUR ANSWER TO ANY OF THESE QUESTION IS YES, YOU MAY THEREFORE WISH TO CONSIDER SWITCHING TO DXC'S D-CARE DOCUMENT MANAGEMENT SOLUTION
