# KEY FEATURES

## URL

Effortlessly bookmark & access webpages, files (Drive/OneDrive). Embed & watch videos directly in the app (YouTube, Dailymotion, Vimeo, Soundcloud).

## Color Mode

Light mode: Gentle on eyes, calming details.  
Dark mode: Focus boost, vibrant colors, low-light comfort.

## Branch

Branch is designed to be like a living tree branch, radiating from the root of the idea. You can change the color of Branch to your liking based on our preset colors or your own choice.

## Zoom Map

Zoom map makes it easy for you to present a lecture, idea, or innovation in your school or workplace. Our smart algorithm delivers pixel-perfect zoom quality.

## Collaboration

Share mind maps on Drive/OneDrive for real-time team mapping. Radio chat boosts brainstorming.

*The Art of Creative Thinking*

## Unleash the Power of Secure Collaboration

SMindMap, built on Google's secure Firebase platform, ensures your research and ideas remain protected. Your data is safeguarded in the world's most secure servers, giving you complete confidence to collaborate and innovate freely.

## Effortless Payment Processing, Global Reach

Experience a seamless payment process with our partner, Paddle, a global leader in payment solutions. SMindMap is also available on Google Workspace Marketplace, Azure Marketplace, and Microsoft AppSource, empowering individuals and teams worldwide.

## Join the Global Community of Innovators

Trusted by researchers, students, and businesses worldwide, SMindMap is your one-stop solution for secure and collaborative knowledge management.
