Eastbay Azure Migration Assessment

ABOUT EASTBAY'S AZURE MIGRATION ASSESSMENT

Eastbay Cloud Services is a leading IT consultancy and Managed Services provider in Canada. We have aided many of our clients in migrating to Azure. Utilizing industry leaders in Migrations and Azure Eastbay provides a complete Azure Migration Assessment. Eastbay focuses on communication with the client as the key to successful migrations.

WHAT WE OFFER

Eastbay Provides an in-depth Azure Migration Assessment. This assessment breaks down your usage and cost associated with being up and running in the cloud. The info is presented in a clear, and concise way that allows you to easily see what the cost would be for having your company be up and running in Azure

The Eastbay Azure Migration assessment leverages Azure migrate to allow Eastbay to expedite the migration phase by using automation and intelligence by the tool. This allows for a sped-up migration period with accurate results.

Eastbay's Azure Migration Assessment is a program run to expedite a migration with simplicity. With the use of the tool the client gets the estimated costs of migrating. The tool reflects what the workload of the existing environment is and what will be needed to create an Azure infrastructure to handle the workload

The tool provides the benefits of the cloud without the costs of making all the changes in Azure. The no code option allows to migrate the existing infrastructure to Azure quickly.

WHAT OUR CUSTOMERS ARE SAYING

"Eastbay's Azure Migration Assessment helped us assess the strategic and financial decisions for migrating to the cloud in Azure. From start to finish the entire project was smooth, efficient and deliverables were achieved. Eastbay's communication & project management kept us well informed of project milestones as compared with the Migration Assessment. We wouldn't hesitate to recommend Eastbay Cloud Services Inc."

– Chris Doyle, CFO, Chair-Man Mills Corp.

Microsoft Azure

Microsoft Azure is an ever-expanding set of cloud computing services to help your organization meet its business challenges. With Azure, your business or organization has the freedom to build, manage, and deploy applications on a massive, global network using your preferred tools and frameworks.

WHY AZURE

BE FUTURE-READY

Continuous innovation from Microsoft supports your development today, and your product visions for tomorrow. With 1000+ new capabilities in the past year, you can build on the latest advancements in AI, blockchain, Kubernetes, containers, and databases to keep you ahead of the curve.

Our enterprise grade analytics solution outperforms the competition, costs less, and is fully compatible with your existing development, BI, and data science tools.

BUILD ON YOUR TERMS

You have choices. With a commitment to open source and support for all languages and frameworks, build and deploy how you want to. Take advantage of the full-featured, integrated development environments with built-in support Visual Studio and Visual Studio Code, the most popular IDEs trusted by 15M+ developers.

We embrace open source, drive innovation through collaboration, and contribute back to the community.

OPERATE HYBRID SEAMLESSLY

On-premises, in the cloud, and at the edge—we'll meet you where you are. Integrate and manage your environments with tools and services designed for hybrid cloud.

Enhance security, simplify access, and set smart policies across your different environments with a single identity platform trusted by 90% of enterprises globally.

TRUST YOUR CLOUD

Get security from the ground up, backed by a team of experts, and proactive compliance trusted by enterprises, governments, and startups.

With a $1B+ investment in security R&D and 3,500 cyber security experts, security is foundational for Azure.
