EasyDMARC Managed Services

Your White-Glove Email Security Solution

Get the most from our Enterprise Managed Services, providing you with a comprehensive and safe DMARC, DKIM, and SPF configuration experience. Our white-glove service guides you through the DMARC journey for each active domain, ensuring maximum domain protection and email deliverability.

Our Managed Services team of DMARC experts takes you through your email authentication journey from start to finish, offering you the peace of mind of having a dedicated DMARC Engineer at your side whenever you need them.

We provide you with a comprehensive and safe DMARC, DKIM, and SPF configuration experience for each active domain, ensuring maximum domain protection and email deliverability.

1

Introduction

Meet your team of experts from EasyDMARC assigned to your account for your DMARC journey.

- ⊘ Your dedicated Customer Success Manager will be available to address all your queries, concerns, and requests.
- ⊘ Your dedicated DMARC Engineer will be your go-to resource for all technical aspects of DMARC, DKIM, and SPF configuration.

2

Deployment/Onboarding

We take care of repairing, establishing, and maintaining your SPF and DKIM records, ensuring proper email authentication.
We personally walk you through the entire DMARC implementation process via video calls, ensuring a safe and seamless experience.

3

Configuration

Step-by-step, we upgrade your DMARC policies that protect your domain from email spoofing and phishing attacks, eventually reaching your goal of **p=reject**.

4

Enforcement

Our experts continuously monitor your DMARC reports, identify unauthorised senders, and help you take the necessary actions to maintain a secure email ecosystem.

5

Ongoing Support

Our support channels include both video calls and 24/7 email correspondence. We also conduct quarterly reviews of your domain security infrastructure. This ensures that your email authentication mechanisms are up to date and aligned with industry best practices, offering you peace of mind and confidence in all your email communications.

Let's Make Your DMARC Journey Simple
