CMMC TRAINING WORKSHOP

ECF DATA – SAPPHIRE BLU CAPABILITY STATEMENT

COMPANY OVERVIEW

ECF Data and SapphireBlu are proud to collaborate on a high-impact training workshop designed to help small and mid-sized businesses in the Defense Industrial Base (DIB) understand and achieve compliance with CMMC Level 1. This workshop focuses on empowering organizations to confidently complete their self-assessment and improve their Supplier Performance Risk System (SPRS) score, an essential factor in securing Department of Defense (DoD) contracts.

KEY FEATURES

- CMMC 2.0 Level 1 Self-Assessment Training
- System Security Plan (SSP) and Plan of Action & Milestones (POA&M) Development
- SPRS Score Calculation & Improvement Guidance
- Microsoft 365 Security Implementation
- Microsoft Defender for Endpoint Integration
- Microsoft Sentinel for Log Management & Incident Response
- Conditional Access Polaicies & Device Compliance with Intune
- CMMC-Aligned Access Control & System Integrity Setup
- Certified CMMC Registered Practitioners (RPs) & RP Organizations (RPOs)

DIFFERENTIATORS

- Practical, Hands-On Training: Participants will gain real-world experience with the tools and templates needed to develop an SSP and POA&M, improving their ability to meet DoD compliance standards.
- CMMC Level 1 Requirements Simplified: We break down the complexities of CMMC Level 1, providing clear and actionable steps.
- Real-World Demos Using Microsoft Security Tools: Includes walkthroughs using Microsoft Defender, Sentinel, and Intune, ensuring you are equipped to integrate these tools for compliance.
- SPRS Score Improvement Strategies: Gain valuable insights on improving and managing your SPRS score, a key requirement for DoD contract eligibility.
- Exclusive Templates and Readiness Checklists: Receive access to SSP & POA&M templates, security configuration guides, and Microsoft reference architectures to jump-start your compliance process.

KEY BENEFITS OF THE WORKSHOP

- Clarity on Compliance: Understand CMMC Level 1 requirements and how to meet them efficiently.
- Practical, Hands-on Guidance: Learn how to create compliant documentation (SSP & POA&M) with real-world demonstrations.
- SPRS Score Improvement: Strategies to accurately calculate and report your SPRS score using the DoD portal.
- Post-Workshop Support: Follow-up assistance, remediation guidance, and gap analysis consultations to ensure continued progress.
